FEATURE REPORT ON UNIFORM LAW

Library of Congress

Received From Committee on Marriage and Divorce by Commission.

IN SESSION AT CHATTANOOGA

Deals With Marriages and Licenses to Marry—Along the Line of Legislation Taken by Other States —Laws Proposed.

Chattanooga, Tenn., Aug. 26.—At the session of the Commission of Uniform State Laws, now in conference here, the principal work today was the report of the Committee on Marriage and Divorce, including the second tentative drafts of acts on the subjects of marriage and licenses to marry and family desertion and non-support.

These reports were prepared under the direction of the commissioners of uniform State laws in National conference.

The longest steps in advance of existing laws attempted to be taken by the Committee on Marriage and Divorce in its drafts of a marriage act provided that something in the nature of bans should be published as prerequisites of a valid marriage. The object of the provision is to take the matter to a court for adjudication as to the validity of the objection. This at the first glance appeared revolutionary, but upon inspection will be found to be along the line of previous legislation in a few States, although it is an advance over all such legislation.

The committee proposing the laws, with the conference acting as a committee of the whole are: Edward W. Frost, chairman, of Michigan; J. R. Thornton, Louisiana; Senecca M. Taylor, Missouri; F. L. Siddons, of the District of Columbia; Robert Snodgrass, Pennsylvania; John Somey, New Jersey, and Ernest Freund, Illinois.

PROF. WM. JAMES PASSED.

Dean of American Philosophers and Harvard Instructor.

Chocorua, N. H., August 26.—Death, caused by heart disease came today to Prof. William James, of Harvard University, dean of American philosphers, at his Summer home on the shores of Chocorua Lake. Professor James had been in a critical condition since his arrival at Quebec from Europe a week ago. This morning he took a decided turn for the worse, lapsing into unconsciousness about noon. The aged philosopher died three hours later, surrounded by his wife, daughter, son and his brother, Henry James, noted English author.

Professor James was born in New York, January 11, 1842, the son of the Rev. Henry James, a Sweden borgian minister and writer. He became an instructor at Harvard in 1872. Two years later he was made assistant professor of comparative anatomy and pyschology, and from 1880 to 1885 he was assistant professor of philosophy; from 1885 to 1889, professor in the same department; professor pyschology from 1891 to 1897, and professor of philosophy from 1897 to 1907.

He was Gifford lecturer on natural religion at the University of Edinburgh from 1899 to 1901; a corresponding member De L'Institute Paris Royal Prussian Academy of Science and a member of the National Academy of Sciences.

FINAL RACES AT ELGIN.

Winners in Feature Events Made Some Good Records.

Elgin, Ill., Aug. 26.—Out of a pot pourri of road races over the new eight and a half mile Elgin course today, three drivers and three cars emerged with distinguished honors. A Livingston, spinning a mile a minute for 203.35 miles, annexed the major event, the Illinois trophy, with a National. C. D. Buck, who drove half of his race with one spring suspension broken, captured the Kane county trophy, covering the 169.46 miles in 3:04:45.79. A Hearne, who drove his own entry, a Benz in the small car contest, took the Fox River trophy. His time for the 135.57 miles was 2:30.4.35.

Livingstone averaged 60.6 per hour. Buck 55 miles, and Hearne 54. The pilot of the National made the entire trip without stopping.

VIRGINIANS HIS GUESTS.

President Fallieres of France Entertains Delegation at Luncheon.

Paris, Aug. 25.—Col. Mann and State Senators Walsey and King, the Virginia delegation which came to France to attend the dedication of the bronze copy of the Houdon statue of Washington, presented by the State of Virginia to the French Republic, were the guests of President Fallieres at luncheon at Rambouillet today. American Ambassador Bacon also attended the luncheon.

The Virginia delegation went down by train to Rambuillet, accompanied by the French ambassador to the United States, M. Jusserand, and completed the journey to the chateau in automobiles.

PRESIDENT TALKS ON RACE QUESTION

Situation in South Full of Hope For Solution of the Problem.

DISCUSSED NEGRO EDUCATION

Work of Hampton Institute Praised.—Politics Have No Place in Race Issue.—Calls Booker Washington Great Man.

Beverly, Mass., August 26.—President Taft attended at the home of Mrs. Robert S. Bradley, of Pride's Crossing today, a meeting of the board of trustees of Hampton Institute and delivered an address on negro education The President especially pleaded for more liberal financial assistance for schools like Hampton and Tuskegee and their off-spring.

"Hampton has done more than merely solved the race question in the proper way," saidt he President. It furnished to the American educator a type of school that is now spreading throughout the country. General Armstrong was the first one to put into practical operation an industrial school that did the work that these schools were intended to do. It does seem strange, and it certainly is interesting, that it required the solution of tne problem of the education of the negro to present to the white educators the best methods of educating the whites.

"Education is the solution of t he race question when it is directed toward giving the negro a self-respect and a belief in the dignity of labor, and in the necessity for his making himself a valuable member of the community in order that the white men may then give him what is his due.

"I do not like to go into politics, or discuss the fact, but I do believe that the present situation in the South is one full of hope for the solution of the negro question, because politics is largely out of it, and now the Southern white man and Northern white man and the Southern negro and the Northern negro, are all uniting in this movement to teach the ten million negroes how to support themselves; how to support the community in which they live, and when their value in the community is demonstrated, as it is being demonstrated, the race question will have its solution. No one can read the lectures that Booker Washington has delivered to his own people without realizing that he is one of the greatest men o fthis century, and that he dares to tell them the truth in order that they may begin to build up their lives on a sure foundation."

A CRISIS IN PANAMA.

Due to Reported Opposition of Uncle Sam to Election Methods.

Panama, Aug. 26.—The political crisis, due to the reported intention of the United States to oppose as unconstitutional the election by the National Assembly of Dr. Carlos Mendoza as acting President is growing in intensity. The declaration of R. O. Morse, charge d'affaires of the Panama legation regarding the ineligibility of Dr. Mendoza has united the liberal members of the Assembly whose prominent leaders have decided, it is said, to elect Dr. Mendoza first vice president, and acting president without regard to the objections of the United States.

The Panama government has as yet received no official confirmation or denial from Washington of the attitude reported to have been taken by the United States, although inquiries have been made by the Panaman minister to Washington, C. C. Arosemena, to ascertain the opinion of the Department of State.

The friends of Dr. Mendoza publicly assert that they will elect him, since the National Assembly is the only corporation having the power and right to interpret the Panaman constitution and laws.

OUTLINES.

President Taft made an address on negro education and the race question, when he attended a meeting of the Board of Trustees of Hampton Institute yesterday——Former President Roosevelt spent yesterday in Iowa and Nebraska and was given a warm welcome to the West. He has lined up with the progressives in New York State and defined the issue in the fight——Emperor William's speech in Germany on Thursday night in which he asserted that the Prussian crown was bestowed by God's grace and not parliament, and attacked suffrage, has caused a political sensation——The War Department has declined the firing of the Puget Sound guns for the purpose of producing rain in the forest fire region on account of the heavy expense——General Chamorro, one of General Estrada's chief advisers, has been made acting president of Nicaragua——Five persons were killed in a wreck last night on the Georgia Northern Railway near Albany, Ga. ——New York markets: Money on call easy 1 1-4 to 1 1-2, ruling rate 1 3-8, closing bid 1 3-8, offered at 1 1-2. Spot cotton closed quiet, middling uplands 16.40, middling gulf 16.65. Flour steady. Wheat spot easy, No. 2 red 1.06 elevator, 1.07 1-4 f.o.b. afloat. Corn weak, No. 2, 70 1-4 elevator, domestic basis to arrive. Oats, barely steady, new standard white 39. Rosin quiet. Turpentine steady.

Sunny "Jim" Sherman Begins a Speaking Tour

VICE PRESIDENT JAMES S. SHERMAN

Utica, N. Y., Aug. 26.—Vice President James Schoolcraft Sherman is to take the stump for the Republican party in the middle west, commencing at Clinton, Ill., tomorrow. The recent connecting of his name with the alleged attempted bribery of Senator Gore has evidently not deterred the Vice President from going into the heart of the Indian country as will be seen from his itinerary as announced by the Republican congressional committee. He will speak at least four times in Oklahoma, and it is thought likely that he will have something to say about graft charges. He will also speak in the same general territory as Colonel Roosevelt, who is responsible for the most of the latest news in connection with Mr. Sherman's selection as temporary chairman of the New York State Republican convention.

COST STOPS WAR DEPARTMENT ACTING

Declines to Bombard Skies for Purpose of Producing Rain in Burning Forest Region—Will Not Fire Sound Guns.

Washington, Aug. 26.—Estimating the cost of the experiment at about $100,000, the War Department officials today declined requests to order a bombardment of the skies by all its guns on Puget Sound and at the mouth of the Columbia river in an effort to bring on rain in the burning forest district of the Northwest. In addition to the objection of cost, the army officers regarded the proposal as to prove futile. The Navy Department to which a similar request was made, expressed its willingness to cooperate with the army with six or ten guns, the only ones at its disposal.

The experiment would have been one of the most spectacular ever attempted in the United States. Around Puget Sound, at Fort Worden, Casey and Flagler the army has forty 12-inch mortars; six 12-inch rifles, eighteen 10-inch guns and twenty 6-inch guns besides a large number of guns of smaller calibre. At the mouth of the Columbia, in forts Columbia and Stevens, are eight 12-inch mortars; eight 10-inch guns, three 8-inch guns, and eleven 6-inch guns, in addition to the smaller ones.

To fire these once simultaneously loaded properly for the purpose in mind, would have cost the government, it was estimated at the War Department, $10,000. Admitting the possibility of effectiveness, it was considered that probably ten round would have been required. This would have run the cost up to a figure that the officials did not feel justified in incurring without specific authorization from higher authority.

Serious fires are raging on the Nez Perce Forest Reserve in the western part of Idaho, according to a telegram late today from District Forester Greely at Missoula, Mont. Two forest officers have been sent to the scene from Missoula and four from Ogden.

FROM COL. McLEAN.

Lumberton, N. C., Aug. 26th.
Editor of the Morning Star,
Wilmington, N. C.

Noting reference in your paper today to the possibility of my becoming a candidate for Congressional nomination in this district, I desire to say that I am not, and will not become a candidate for that, or any other political office, elective, appointive, donative, or purchasable.

N. A. McLEAN.

ACTING RULER FOR ESTRADA

General Chamorro Will Serve as President of Nicaragua in Place of Insurgent General's Brother—Plans Are Made.

Managua, Aug. 26.—General Emiliano Chamorro, one of the Provisional President Juan Estrada's chief lieutenants and advisers and a spectacular figure in the revolution, will relieve Jose Dolores Estrada as acting President and occupy the office of chief executive of the Republic until General Estrada arrives at the capital prepared to take up the reins of the government.

This fact was made known today when the peace commission brought to Managua the following letter dated August 23rd, addressed to Acting President Estrada and signed by Generals Chamorro, Mena and Macis:

"The peace commission has placed in our hands a proclamation in which you recognize the provisional government presided over by General Juan Estrada and proclaimed October 10th of last year. We have advised President Estrada of the said decree and he has ordered the power of government turned over to General Chamorro, who will exercise the same until General Estrada arrives in Managua.

"In consequence of said order the executive delegate will come to Managua, his object being to exercise the power which you now propose and act as commander-in-chief.

"Regarding a free election for President of the Republic within six months, General Estrada and ourselves accept this clause of your proclamation, it being a part of our programme."

General Chamorro met the peace commissioners at Granada and while there received a telegram from General Estrada that General Chamorro would act as executive delegate until General Estrada could reach Managua.

Dr. Madriz Not Wanted.

Washington, Aug. 26.—That Madriz is not going to Mexico at the invitation of that country was the opinion expressed here today by Charge d'Affaires Ricoy, of the Mexican embassy.

"I think the Mexican government has not invited Madriz to come to Mexico," said the charge, when approached on the subject. "But as far as I am able to see there is no reason why the Mexican government should prevent Dr. Madriz from landing there, particularly when the presence of the Nicaraguan in any of the Central American Republics might be a disturbing element."

The charge explained that the departure of Bartolomono Carbajory Rosas, Mexican minister at Nicaragua, from Managua for Costa Rica, where he is also accredited, was due merely to the fact that the Mexican government has not yet recognized the Estrada faction as the government of Nicaragua.

He said that the departure was not meant to show hostility to the Estrada cause.

ROOSEVELT GIVEN WELCOME TO WEST

Day of Short Speeches to Throngs of People Throughout Iowa.

TALKS OF NEW YORK FIGHT

Defines Political Issue in the State Campaign and Lines Up With Progressives—Shorter Speeches.

Grand Island, Neb., Aug. 26.—The West gave former President Roosevelt a warm greeting today. The people gathered in crowds at all places at which he stopped in his journey across Iowa and Nebraska, rang bells, tooted whistles, played bands and cheered. They stood on roofs, climbed telegraph poles, and scrambled on top of cars on the sidings to see him.

The welcomers began their cheering before Col. Roosevelt was out of bed, and kept it up until long after dark. When the day was done, Col. Roosevelt said that he was "greatly pleased by the way the people of the West had welcomed him back again."

The Colonel was called out of bed tonight by the people of Marshalltown, Ia., who had gone to the station before breakfast to see him and would not be denied. Clad in a rain coat and slippers, he made the first speech of the day before 7 o'clock. The manager of a wild West show on exhibition at Grand Island wired to the agent in charge of the Roosevelt train urging him not to stop here. He said he was afraid that if the Colonel should stop, every one would go to the railroad station to see him instead of the Wild West show.

But the Colonel stopped at Grand Island and it looked as though the circus manager's fears had been realized. But the former President made a short speech and the people of Grand Island had time to go to the show.

When Col. Roosevelt left New York all the members of the party traveled in two cars which were attached to regular trains. The number of cars is now six, made up in a special train. At Chicago yesterday one car, carrying a party of men, who are going along merely to see what happens, was attached.

Archie Roosevelt met his father in Omaha and rode with him as far as Fremont, Neb. He has been staying on Seth Bullock's ranch in North Dakota.

Lines Up With Insurgents.

Carroll, Ia., Aug. 26.—Theodore Roosevelt definitely aligned himself with the progressives of New York State in a statement which he issued on the train today as he was traveling across Iowa.

Col. Roosevelt declared that the main issue in the fight in New York was not any specific reform measure, but bossism. Bossism, he declared, frequently led to corruption and he said he would wage ruthless war on corrupt aliances between business and bosses.

Omaha, Neb. Aug. 26.—A slight hoarseness developing in his voice, Theodore Roosevelt at the close of the second day of his tour was prevailed on by friends to shorten his speeches. He does not expect any difficulty in making all of his speeches, but the constant strain of car platform talks has caused a slight sensitiveness to his throat. He will probably have some rest during the trip to Cheyenne, where he is due tomorrow.

Representative Walter I. Smith, a staunch friend of Speaker Cannon, and one of the strongest men in the "old guard" in Congress, was Col. Roosevelt's escort when he reached Council Bluffs today. After a hurried automobile ride about the city Mr. Smith escorted the Colonel to a stand in Bayliss Park. Senator Cummins was also present.

When Col. Roosevelt concluded his remarks there were many and continued calls for Mr. Cummins to speak. During his short stay in Council Bluffs Col. Roosevelt visited J. F. Wilcox, a radical progressive Republican supporter of Senator Cummins.

Representative Smith introduced Col. Roosevelt as "the most distinguished American" to the crowd which had gathered in the park. The Colonel had hardly begun to speak when someone called out, "How about New York?"

"Well, there is the New York issue," the Colonel said. "It is perfectly plain that I stand primarily for political cleanliness and decency and for popular rule. Sometimes I do not agree with all the people. I try my best to represent them as far as I can. I will do anything for them except that which is wrong and that I will not do for any man.

"It is our duty to war against corruption in every form. Distrust the man who appeals to you on the ground that he is against the corruption of one particular class, but cannot see corruption in someone else. I know of the papers that represent great financiers, who are bitter against corruption in small politicians, or in labor leaders, but who cannot see it in great business men or concerns."

James R. Garfield joined Mr. Roosevelt at Omaha and went West with him tonight.

Teddy Unable to Take Part.

Galesburg, Ill., Aug. 26.—Telegrams were sent today by Mayor George Sanderson, of Galesburg, to Col. Roose-

(Continued on Page Eight.)

EMPEROR'S WORDS STIRRED GERMANY

Declares Crown Bestowed by God's Grace and Not by Parliament.

MADE ATTACK ON SUFFRAGE

Utterances at Provincial Banquet Causes Political Sensation of Hour—Criticised by German Newspapers.

Berlin, Aug. 26.—The speech delivered last night by Emperor William, of Germany, before the provincial banquet at Koenigsberg, in which he reiterated and emphasized his belief in the divine mandate by which he rules, referred to the Prussian crown as bestowed by God's grace and not by Parliament's or people's assemblies and laid a lance against the present movement for woman's suffrage, is the political sensation of the hour.

The leading organs of the German press devote extended comment to it, generally criticising the Emperor's utterances, and there are indications that the discourse will have a deep political effect upon the country, nearly all the Berlin papers discussing the subject in connection with the political crisis of November, 1908, when the publication by the London Daily Telegraph of an interview with the Emperor aroused a storm against the uncontrolled public speaking of the Emperor.

The serious Vossische Zeitung, the Tageblatt, the Post and other papers point out the constitutional character of the Kingdom of Prussia in the Empire and inquire whether the chancel Dr. Von Bethman Hollweg, was privy to the Emperor's purpose of delivering such a speech. They predict that it will lead to a renewed discussion of the Emperor's constitutional position when the Reichstag reassembles in November.

The strongly monarcharist Tageliche Rundschau, the favorite journal or army officers, says:

"This speech means a storm * * *. Never before has Emperor William set into such relief his romantic, medieval idea of his non-responsibility to man's judgment, of his not being bound by the constitutional co-operation of the people, and of ruling by God's grace, against all those convictions and feeling which today determine our existence as a State."

"Why," asks the Tageliche Rundschau, "should the Emperor choose this moment to emphasize his ruling by God's grace and his own right when it will nourish an anti-monarchical agitation and good monarchists be thrown into a condition of tragic disruption?"

The organ of the landed nobility, Der Deutsche Tagezeitung, thoroughly approves of the declarations of the Emperor.

The Local Anzeiger lays stress upon the desire of the Emperor that the people co-operate with him, and points out that the Emperor delivered the speech in the castle where the Prussian Kings were formerly crowned. He said in the same hall in May, 1890:

"We Hohenzollerns take our crown from heaven alone," and in the same place on September 6th, 1894, he quoted the words of his grandfather, William I., about ruling by divine right and added: 'So too do I take my Kingdom by God's grace.'"

The Tageblatt affirms that although prices did not fall on the exchange, trading slackened and brokers apprehended an unfavorable influence of the speech upon markets at home and abroad.

The remarks of the Emperor today which stirred the comments were made in allusion to Emperor William I., of Germany, in terms indicating the identity of his convictions with those of his grandfather.

"My grandfather," he said, "again, by his own right placed the Prussian crown upon his head and again proclaimed it to be bestowed upon him by God's grace alone and not by Parliaments, assemblages of the people, or resolutions of the people, and that he saw in himself the chosen instrument of heaven and as such he regarded his duty as regent and ruler."

MISS ELKINS TO MARRY SOON.

Duke of Abruzzi Will be Groom— Denial by Senator.

Paris, Aug. 26.—Special dispatches from Italy insist that the marriage of Miss Katherine Elkins to the Duke of the Abruzzi, in spite of all denials has been decided upon, and that Senator Elkins and the affianced couple will soon arrive in Paris to arrange the details of the wedding.

Both the Queen Mother of Italy and King Victor Emanuel have, according to these reports, given their consent to the wedding.

Washington, Aug. 26.—The latest report concerning the romance of Miss Katherine Elkins and the Duke of the Abruzzi was today read to Senator Elkins, who was reached by long distance telephone at Elkins, W. Va. He said:

"I am going to remain in West Virginia for the next six months and have no intention of going abroad. I know nothing of the Paris report and don't want to be bothered any more about the matter."

WORST OF FOREST FIRES NOW OVER

Communication Is Resumed With Stricken Regions in Idaho.

DEATH LIST PLACED AT 200

Halm Party of Sixteen Fire Fighters Reported Safe Last Night.—Government Officer Reported 86 Victims.

Spokane, Wash., August 26.—Telegraphic communication with the St. Joe Valley, of Idaho, was restored today for the first time since the forest fires became serious, but it is as yet impossible to verify the reports of large loss of life among fire fighters, additional to the 86 reported dead by government officers.

The estimate of approximately 200 dead in the whole fire area is adhered to tonight by those most familiar with the situation.

Eighty-three employes are missing. Complete returns have not yet been received from theCouer de Alene region in Idaho. When these are in, it is camp, five men; Ranger Halm's crew terially reduced.

The missing include the following: Ranger Holling Head's crew on Big Creek, 28 men; Ranger Thenen's crew at Indian Lake, 34 men; Selzer Creek camp, five men; Rang r Halms crew 16 men.

The district office is still hopeful that the Halm party is safe.

Missoula, Mont., August 26.—The missing Halm party of sixteen fire fighters has been found safe, according to a dispatch tonight by District Forester Greeley from Bonner, Ohio.

ANOTHER DEADLOCK.

Up in Hickory Judicial Convention Cast 701 Ballots.

Hickory, N. C., Aug. 26.—After 21 hours of balloting in the 13th judicial district convention, which met here last night and continued through today, Mr. E. B. Cline, of this city, was nominated judge and Mr. G. W. Ragland, of Mitchell, solocitor. The end came abruptly and unexpectedly. Three sessions were necessary before a nomination was affected for judge and it was on the 701st ballot when Caldwell turned a trick and gave him her entire strength, which with the other votes left him with a credit of 81 votes. Caldwell never wavered in her vote, casting her 30 votes for Jones until the 701st ballot and then without warning, handed him enough to make out his majority. Just before the final vote was taken, the candidates stood, Cline 39, Finley 57.77 and Jones 51.23. Catawba, Cline's native county, of course, stood by him from the beginning and gave him her 39 votes straight through.

Mr. Ragland had opposition for solicitor in Mr. J. H. Burke, of Alexander, but the first ballot decided this contest and Mr. Ragland was nominated with 79 votes when Mr. Burke got only 69.

ROBBERS DRUG THER VICTIM.

Place Unconscious Man in Train and He Awakens in Another Town.

Oxford, N. C., August 26.—W. Irvin Aiken, a farmer of Granville county, while returning home Sunday night in a buggy after a visit to a friend, was held up two strangers, who took $14 and his watch and chain.

The robbers told him to prepare to die. He begged that his life be spared and they told him the only alternative would be to give him a poisonous drug. They then choked him and made him swallow the dose. He remembers nothing further until he awoke Monday morning at Portsmouth, Va., where physicians attended him. The robbers had placed him on the rear platform of a Pullman car that carried him to Portsmouth.

Aiken reached here Tuesday. He stated that he could identify the robbers, as he recollected that one was a large man with a mole on his face and the other a small man. Strangers answering this description were found in the neighborhood and jailed at Henderson for preliminary hearin gtoday.

IN THE WOOLY WEST.

Frontier Celebration in Progress at Cheyenne, Wyoming.—Bronchos.

Cheyenne, Wyo., August 26.—The worst horses seen here at a frontier day's celebration in years weeded out the contestants in the world's broncho busting championship's hip yesterday. Four riders were thrown and one, Vernie Elliott, was seriously injured. This wholesale "piling" of the crack riders of the West is unprecedented.

Helen Brown fell from her horse in the woman's relay race, but was not seriously hurt.

A three year old steer fresh from the northern ranges deeply resented the advances of a moving picture operator from New York and made a wild rush for the operator, who beat the steer to the fence by inches.

The event of the day was the wild horse race with twenty entries. None of the horses had been back before and several created excitement by dashing through the fence into the stands.

THE WORLD OF SPORTS

RACING — BASEBALL — BOXING

NOW TIED FOR FIRST PLACE

Another Superb Exhibition at League Park in Which Wilmington Was the Winner—Brooks on Mound for Locals.

Results Yesterday.
Wilson 3, Fayetteville 0.
Goldsboro 0; Raleigh 2.
Rocky Mount 2, Wilmington 3.

Where They Play Today.
Rocky Mount at Wilmington.
Wilson at Fayetteville.
Raleigh at Goldsboro.

'Twas another battle royal between the respective twirlers at League Park yesterday from which the Sailors as usual came out the victors. Rube Howard was in the rifle pit for the locals, but after allowing two hits in the first frames which resulted in a score for Rocky Mount, and two more hits in the third, he voluntarily retired and Premier Harvey Brooks was sent in, but not before Rube had redeemed himself in the second session, by breaking up the game with a sensational two-bagger which scored two men and resulted in the third score.

Tracy, for the visitors had only one bad inning, which was that eventful second, and held the Navigators down without a single hit for the remainder of the game. Brooks also held them hitless for his six innings.

The details follow: Peartree struck out; Tydeman made a swell catch of Forgue's fly to left, after which Gillespie hit to left for two bases, and Gastmeyer was given a pass. Creagan hit to center, and went to second on the throw-in, while Gillespie scored, Gastmeyer being caught at the plate. In the last half, after Kluttz had skied to right, Cooper sent one of his famous two-baggers to left, but Tydeman and Orth were out on second.

In the second Stein was safe on an error of Orth, and went to second on a passed ball. Leary fanned and Dussault fouled to Tydeman on a pretty catch behind the score board. Tracy flew to left retiring the side. After Doak had aviated to center, Kite was given four balls, and went to second on Mills' infield single. Little Dubbs was safe on fielder's choice and Kite also made third, and Mills second, Kite and Mills scoring when Rube sent one by the Durham sign which easily went for two bags, Dubbs also scoring on Kluttz's put-out on first. Cooper flew to right, ending the run-getting for the day. In the third Peartree started with a single to right, and was sacrificed by Forgue. Gillespie flew to center, after which Gastmeyer hit to center for two bases scoring Peartree. Creagan struck out. Wilmington was out in order after which Howard was retired in favor of Brooks. Stein was out third to first, Leary flew to Tydeman and Dussault struck out, after which Kite was safe on an error of third. Mills struck out and Dubbs hit to short forcing Kite at second. Dubbsy stole second, but Brooks was out on first.

In the fifth after Tracy had died on first Peartree was walked, but was out for running out of base line and an attempted steal. Forgue went out third to first, retiring the side. Wilmington died in order on first.

Both sides were out without anything materializing in the next two spells, and in the eighth, Tracy was given a pass, but the other two aviated. In Wilmington's half as well as Rocky Mount's ninth they went out in the usual way, and the game was out.

The Tabulated Score.

Rocky Mount.	AB	R.	H.	PO	A.	E.

Summary: Two-base hits, Gillespie, Gastmeyer, Cooper and Howard; left on bases, Rocky Mount 4, Wilmington 3; stolen bases, Stein and Dubbs; sacrifice hits, Dubbs; base on balls, Tracy 1, Howard 1, Brooks 1; hits off Howard 3, Brooks 7; time 1.35; umpire, Henderson.

PENNANT DREAMS.

At last!

Did we win? Well slightly.

At the top, but not on top.

We've rented an apartment on the top floor.

Bye and bye we'll lease the whole blooming business.

Where we can be addressed for the balance of the season.

Next Saturday's head—Pennant Winners.

Cheer up, Railroaders. You may get one of them.

Little Dubbs made a ten-second run to first on two occasions.

It was Rube's mighty wallop in the second that turned the tide.

Just one-third of the men who faced Brooks, went down before his brand.

Doak sprinted in and saved one in the seventh, that looked like a safe one.

Tydeman made two of those famous overhand catches for which he is noted.

Didn't seem quite fair to take Rube out after he had won the game in the second.

Guess Rocky Mount wishes that the schedule had been arranged a little differently.

That daredevil base running these Railroaders do has never been equalled here before.

Peartree was called out in the fifth for dodging around Smiling Al in an attempted steal.

There's no getting around that Brooks, as we guess all the teams have learned 'ere this.

There was a little murmuring among the Rocky Mount fans at several of Henderson's decisions, but it didn't count.

"Outlaw" Tracy had one bad inning and they were warming up another one to go against those swift swatting Sailors, but he got in form again and pitched magnificent ball.

Bert Kite went after those fouls in a manner that brought the noise from the grandstand, and on one occasion he collided with the wire in an attempt to get one.

There's a double-header scheduled at the park this afternoon, and the grandstand should hold the largest crowd of the season. 'Tis a source of constant wonderment to the "true blue" that there are not larger crowds attending the games played for the last two weeks on the home diamond, as the quality and quantity of baseball being pulled off there has never been nor ever will be surpassed. All indications are that the Sailors will capture both a curtain raiser and a night cap this afternoon and in that event we will be established on top to stay till the finish.

PITCHERS BATTLE AT WILSON

Brandt and Hearne Divided Honors, First Named Losing Out Through Lack of Support—Three to Nothing.

(Special Star Telegram.)

Fayetteville, N. C., Aug. 26.—In today's game Brandt and Hearne engaged in a great pitching battle in which the honors were even, though Brandt lost out through leaks in his support. The score was 3 to 0. Ten men earned their way to first on Hearne's pitching. Only seven did so on Brandt. There were no earned runs. Fielding features were O'Halloran's fast work and Galvin's throwing.

ALLISON AT RALEIGH.

Asheville Murderer Who Made Sensational Attempt on His Life.

(Special Star Telegram.)

Raleigh, N. C., Aug. 26.—At 7 o'clock tonight Sheriff Hunter, of Buncombe county, delivered to the State prison Jas. B. Allison, under sentence te die in the electric chair February 24th. The trip from Asheville was without special incident, following Allison's sensational attempt to take his own life Thursday in the Asheville prison by cutting his throat with a small knife, he had concealed in his cell.

When he arrived here Allison seemed depressed and went through the regulation preliminaries of a hair cut, bath and donning the prison garb without special murmur or protest. There will be a guard constantly on duty at the death cell, therefore, the least possible possibility of Allison's making good his boasting threat of taking his own life before the day of execution.

THREE MICHIGAN CITIES.

Population of Bay City, Saginaw and Lansing Given.

Washington, Aug. 26.—The population of Saginaw, Mich., is 50,510, an increase of 8,165, or 19.3 per cent. as compared with 42,345 in 1900; of Bay City Mich., 45,166, an increase of 17,532 or 63.5 per cent. as compared with 27,628 in 1900; of Lansing, Mich., 31,229, an increase of 14,744 or 89.4 per cent., as compared with 16,485 in 1900.

PEARCE LOSES FIRST GAME

Two to Nothing in Favor of Raleigh With Giants Yesterday—Disappointment at League Decision.

(Special Star Telegram.)

Goldsboro, N. C., Aug. 26.—Pearce lost his first game of the season this afternoon. In the fifth inning Hobbs was safe on a fielder's choice and on the hit, one run scored. Mullaney singled, Hobbs going to third, and Mullaney to second on the throw-in. Hobbs then scored on a wild pitch by Pearce. In the next inning singles by Bigbie, McCormick and Jobson added another run. Mullaney saved the game for Raleigh when he caught Handiboe's long drive. Keating played a good game, robbing Pearce of a Texas Leaguer. MacDonald made a beautiful catch of Bigbie's long foul.

Goldsboro's fans are very much surprised and disappointed that the league directors gave yesterday's forfeited game to Raleigh on the strength of a 'phone message.

NATIONAL LEAGUE.

Chicago, Aug. 26.—Three home runs today gave Chicago the second game with New York 3 to 1. Schulte started the long driving in the fifth inning. In the eighth he repeated the feat and Tinker emulated him. An extraordinarily large crowd went wild over the double performance. Brown had superb control and struck out ten men. McGraw was sent to the club house for protesting a decision in the eighth.

ATTORNEY GENERAL ASSAULTED

Near Riot at Laurens, Where He Addressed the Voters.

Laurens, S. C., Aug. 26.—A serious riot was narrowly averted at the Democratic State campaign meeting today, following an assault on Attorney General J. Fraser Lyon, while he was attempting to address the voters.

When his assailants crowded on the speaker's platform, Mr. Lyon struck Henry Wright and kicked him several times in the chest. The excitement was intense and for several minutes a policeman stood by the attorney general with a drawn revolver.

The trouble rose when J. T. Crews, editor of a Laurens paper, which has been opposing the re-election of Mr. Lyon, leaped on the platform and demanded that the attorney general read certain letters. Four friends of Crews made a rush for Mr. Lyon, but he met the onslaught with closed fists.

Durand, Mich., Aug. 26.—It is reported that the bones of two more victims of Wednesday night's wreck on the Grand Trunk railroad here, were found in the morgue tonight.

EXPRESS TRAIN HITS AUTO.

Two Persons Killed in Accident Near Patterson, N. J.

Patterson, N. J., Aug. 26.—A grade crossing, a raised gate, an express train and an automobile in collision; two dead and three injured—such is the summary tonight of a fatal accident that narrowly missed being a catastrophe. Only the promptness of a trolley conductor in throwing a derailing switch saved the moving car, heavily loaded with passengers from following the more nimber automobile to the same fate.

Albert Froelich, of this city, driving the automobile, and his daughter, Henrietta, 16 years old, were killed. Chester Foyle, 11 years old, an acquaintance, has serious internal injuries and may die. Albert Froelich, Jr., was thrown to a distance and got up unhurt.

Froelich and his daughter were both hurled against telegraph poles. The father was killed instantly and daughter lived only a few moments.

The switchman had just lowered the gates for an express train and did not see, when he raised them, that another express was bearing down from the opposite direction. A towerman realized the danger and shouted a warning.

He was too late to save the automobile, but the conductor of the trolley car, who had just stepped off his car and gone ahead, heard him and instantly let go the handle of the derailing switch he was just throwing into alignment. A spring threw the switch back into derailment and the heavy trolley grinding round a sharp curve brought up against the curb safe.

NORTH CAROLINA VETERANS.

General Carr Making Plans for Reunion in Norfolk Soon.

Norfolk, Va., Aug. 26.—General Julian S. Carr, of Durham, N. C., commander of the United Confederate Veterans of North Carolina, was here today conferring with the local advisory committees in connection with the reunion of the North Carolina Veterans to be held here September 6-7. He expressed the opinion that between 5,000 and 6,000 veterans and their families would be here on that occasion.

Norfolk is planning to give the veterans a notable reception. The principal feature of the reunion will be a parade participated in not only by veterans of North Carolina and Virginia, but by United States sailors and marines from this naval station, and a battalion of regulars from the United States coast artillery corps at Fort Monroe.

LABOR DAY EXCURSION TO NEWBERN.

The Atlantic Coast Line will operate, under the direction of Thos. H. Knight, an excursion to Newbern, Monday, September 5th, Labor Day, which promises to be the big excursion event of the season. Hundreds have signified their intention of going, and it will be worth while for you to accompany them. This will be one of the best excursions ever operated out of Wilmington; but, the "proof of the pudding is in the eating." Can you imagine a more glorious vacation, especially at this season of the year? Spend Labor Day at Newbern and enjoy the finest outing you have ever had. There will be separate cars for white and colored passengers, and every care will be taken of ladies and children. The fare for the round trip is only $1.50. The special train will leave Wilmington at 7:30 A. M., returning leave Newbern at 10:00 P. M. til se 4.

MORE WATERWAY DELEGATES

News of a Day in Raleigh—County Politics—Charters Issued and Dissolved—Pitiable Condition of Woman.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 26.—A third batch of delegates for the Atlantic Deeper Waterways Convention at Providence, R. I., August 31st to September 3rd, is announced and commissions issued by Governor Kitchin to Surry Parker, Pinetown; W. H. Whitley, Blount's Creek; R. R. Fleming, J. R. Davenport, Pactolus; W. H. Proctor, Grimesland; R. A. Grey, Oakley; W. G. Stokes, Stokes; Tom Litchfield, Aurora.

An application by the Wake county authorities for the admission of a very urgent case of insanity to the State hospital for the insane here elicits the surprising statement from Dr. McKee, superintendent, that the institution is full up and that there is no more room for even a desperately insane white woman who is now locked in the county jail because she cannot be managed in the county home or elsewhere with any degree of certainty that she will not succeed in taking her own life for which she has developed a mania. A short time before she was locked in the jail she jumped into a boiling wash pot and burned her legs awfully in attempting to kill herself. Later she mangled her throat with a broken plate trying to end her life. Her name is Willie Medlin, a maiden woman of thirty-odd years.

Republican leaders of Wake county are to have a conference here tomorrow with a view to getting together on the question of "essembling" the best possible ticket—county, and legislative—to place in nomination when the convention meets here for that purpose. Col. J. C. L. Harris, who is taking a special interest in the plan to get out a combination independent and Republican ticket, says that the outlook is especially bright to accomplish this. Asked what independent Democrats he thought it possible to induce to take places on such a ticket, he said it would be injudicious to call names just yet. There has been considerable talk of putting Col. Harris up for the State Senate to oppose Dr. Sikes, of Wake Forest College, but many believe the Colonel prefers to have an "independent Democrat" of some force as a public speaker to assume this place on the ticket. However, Col. Harris is a "born campaigner" and if a straight Republican is to tackle Dr. Sikes the impression prevails here that "The God of War" (Col. Harris) can deliver the goods.

A charter was issued today to the Citizens' Trust Co., Charlotte, capital $50,000 authorized and $1,100 subscribed by Thurman E. Long, H. C. Sherrill and Rufus M. Johnston.

The Commonwealth Bank, of Black Mountain, amends its charter increasing the capital from $10,000 to $25,000. J. W. McKoy is president.

An amendment to the charter of Coleman Bros. Co., of Macon, extends the corporate life of the corporation for ten years from August 31st.

The Wilmington-Southport Telephone and Telegraph Co., files with the Secretary of State a certificate of dissolution, M. T. Craig was president of the company.

"The Call to the Farm" was the theme of an address today at Wake Forest by W. A. Simpkins, of Raleigh, in connection with an annual educational conference for the county held in connection with the close of the county teachers' institute which has been especially successful the past two weeks. President W. L. Poteat of Wake Forest College, delivered a powerful educational address as one of the principal addresses of the day.

Commissions today were issued to three Wilmington gentlemen, B. F. Keith, D. McEachern and E. P. Bailey, as delegates to the Atlantic Deeper Waterways Association.

Democratic State Chairman A. H. Eller says the opening speech for the pending campaign in North Carolina will be delivered by ex-Governor Chas. B. Aycock at Statesville, September 3rd. He will speak that night at Mooresville. These will be the first speeches under the auspices of the State committee and will be the "keynote" speeches of the campaign.

Chairman Eller sent to the printers today the principal parts of forthcoming Democratic handbook which will possibly be ready for distribution within ten days.

BIG FIRES UNNECESSARY.

Pinchot Explains Cause for Recent Forest Losses—Criticism.

Washington, Aug. 26.—Gifford Pinchot, of the National Conservation Association and former head of the Government Forest Service, in a statement issued today, held that the loss of property and life in the recent and present forest fires was unnecessary.

The disastrous results, he said, were traceable to the unpreparedness to deal with the fire situation. He scored members of Congress who have opposed appropriation for the proper equipment of forest rangers, and in that connection named Senator Heyburn, of Idaho, whose home town, Wallace, Idaho, suffered serious loss; Senator Carter, of Montana and Representative Mondell, of Wyoming.

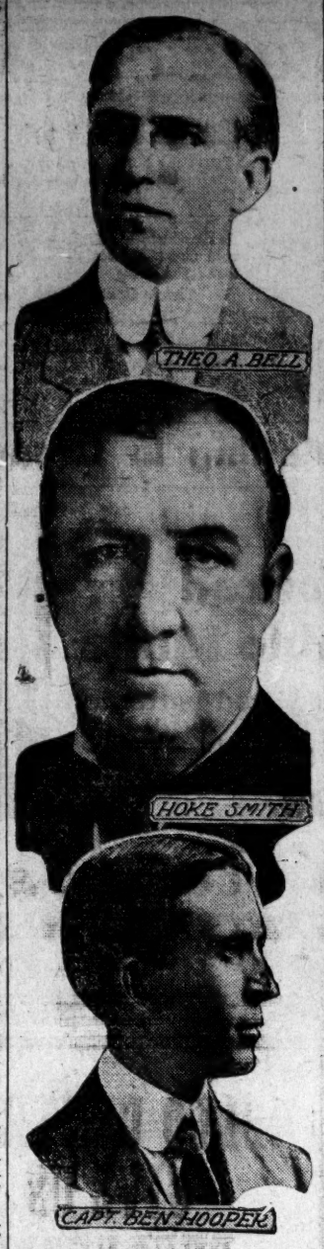
"The lesson from these forest fires is perfectly clear," said Mr. Pinchot. "When a city suffers from a great fire it does not retrench in its fire department, but strengthens it. That is what the Nation must do on the National forests.

"The men in Congress, like Heyburn, Carter and Mondell, who have made light of the efforts of the forest service to prepare itself to prevent just such a calamity as this have in effect been fighting on the side of the fires against the general warfare. If even a small fraction of the loss from the present fires had been expended, in additional patrol and preventive equipment, some or perhaps nearly all of the loss could have been avoided."

For Quick Relief From Hay Fever.

Asthma and Summer bronchitis, take Foley's Honey and Tar. It quickly relieves the discomfort and suffering and the annoying symptoms disappear. It soothes and heals the inflamed air passages of the head, throat and bronchial tubes. It contains no opiates and no harmful drugs. Refuse substitutes. Robt. R. Bellamy.

THREE FOR GOVERNOR.



In California, Tennessee and Georgia the voters have most interesting campaign fights scheduled for this Fall and the eyes of many people will be turned on the battles. In Georgia the Democrats have named a former Governor, and one time Secretary of the Interior, Hoke Smith. While he was Governor he dismissed Joseph M. Brown from the railroad commission on the ground that Brown was dominated by railroad interests, and when Mr. Smith sought another term he was defeated by Brown. This time both were again candidates, and Smith "came back" by defeating Brown. In California the Democrats have nominated Theodore A. Bell, former representative in Congress, to oppose Hiram Johnson, an avowed insurgent candidate of the Republicans, and in Tennessee the fight is made interesting by the candidacy of Captain Ben W. Hooper, who is opposed to almost everything that Governor Patterson has advocated during his incumbency. Independent State-wide Prohibition-Democrats who have fought Governor Patterson are expected to support the ticket headed by Captain Hooper instead of the regular Democratic nominees.

WELDON PERSONALS.

News and General Items Gathered During the Week.

(Special Star Correspondence.)

Weldon, N. C., Aug. 27.—Mrs. W. R. Smith has returned home from New York——Mr. J. T. Evans has returned home from Panacea Springs——Miss Rebe Johnston, of Littleton, who has been the guest of Miss May Cheek, has returned to her home——Mrs. J. W. Wiggins, and daughter, Miss Katrine, who have been spending several days at Ocean View, returned home Thursday——Miss Bernice Cobb, of Durham, was here last week on a visit to friends——Misses Annie and Carrie Medlin and Miss Louise Rodwell left Tuesday for Baltimore and Washington, to spend some time——Major T. L. Emry left last week for the mountains for his health——Capt. A. Brinkley, of Aurelian Springs, spent a short time here Saturday.

Mr. C. L. Gunther and Miss Ruth Cornell, of South Richmond, were married here last Saturday by Rev. P. M. Stainback.

Mr. John W. Sledge has been appointed by Gov. Kitchin a delegate to the Deep Waterways Convention at Providence, R. I., August 31st to September 3rd.

Announcement has been made of the engagement of Miss Sarah Flacks, of Baltimore, to Mr. I. J. Kaplin, of Roanoke Rapids. The wedding is to take place in September.

CALIFORNIA OIL.

Said to be Only Point Not Decreasing in Its Output.

San Francisco, Aug. 27.—According to the latest statistics on petroleum production, California is the only State in the Union that has not shown a marked falling off in the production of the precious fluid. The oil fields of the Golden State are, in fact, the only ones in this country that are at the present time increasing their output.

The greatest shrinkage in production is in the mid-continent region. In New York, Pennsylvania, West Virginia and Southeastern Ohio, comprising the Pennsylvania field, the decrease is not so noticeable, showing about 1,500 barrels less new production in July than in June.

In the Lima-Indiana-Kentucky region there is also a shrinkage, but the production has already decreased to a point where any change in immaterial.

In the Illinois field there was a decrease in July of thirty-nine completed wells, 2,881 barrels of new production and new work is about a standoff with June.

In the States of Oklahoma, Kansas, Northwestern Louisiana and north Texas, comprising the mid-continent fields, there were 103 fewer wells completed in July than in June, the new production was 24,000 barrels less and the shrinkage in new work was sixty-eight.

In the gulf coast region eight more wells were reported in July than in June, the new production was 4,663 barrels greater, with two more dry holes, and there were nine fewer rigs and drilling wells on July 31st than on June 30th.

During the month of July the average daily production from a total of 4,493 wells in California amounted to 225,672 barrels, and the market has absorbed a daily average of 184,994 barrels. This shows a daily surplus of 40,678 barrels. The increase in consumption over the preceding month was over 300,000 barrels.

Production in California is being temporarily curtailed, pending completion of new pipe lines and additional storage facilities which are necessary to handle the rapidly increasing production.

$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldnt it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a **quick recovery**, you ought to write and get a copy of it. Many a doctor would charge you $3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: "Dr. A. E. Robinson, K-1351 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

White Mountain REFRIGERATORS

are strong, durable and sanitary. Having a removable ice chamber with duplex grate and removable waste pipe makes it easier to keep clean than any refrigerator made.

Several styles to select from.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Saturday, August 27, 1910.

Says the Jacksonville Times Union philosopher: "The best feminine eloquence is silence." Yes, but how about it when she won't say a word when you ask her to tell you where your collar button is?

A contemporary marvels that Mrs. Jack Cudahy got a divorce from her multi-millionaire husband in ten minutes. No doubt there would have been no kick coming from Jack if they had made it one minute.

Says the Greensboro News (Rep.): "Patiently—even fondly—waiting for the Wilmington Star to tell the story of Democracy's 'family affair.'" Huh! Why should we pick up a hot potato just to make the political family skeleton grin?

Col. Roosevelt is standing on Col. Bryan's platform worse than ever. When he was President he "stole Bryan's thunder" and now he is making free use of Bryan's lightning. The Nebraskan certainly is an inspiration for the Rough Rider.

A boy wrestled with his cousin in a playful way for the possession of a gun which neither believed was loaded. The funeral which followed is the best evidence that the boy and his cousin never profited from the experience of other fools.

Prof. D. H. Blair, Republican candidate for Congress in the Fifth District, opposing the winning candidacy of Major Chas. M. Stedman, is "a Cannon man," so the Raleigh Caucasian (Rep.) observes that "it is said." If that be true, Col. Blair certainly can't be depended upon to help fire Cannon.

The Pedigree Dog Trust is now being prosecuted by the Government, at San Francisco. Why should the Government be barking at the heels of the Dog Trust instead of "busting" some of the trusts that are making consumers see sights? The Government sleuths get scent of entirely too many darn small trails.

Col. Roosevelt, on his Western tour, talks like a sheriff. He has declared himself the chosen of "crooks," and wants to make a specialty of running down "Republican crookedness." Gee! If he'd try to follow up Republican crookedness, he would be compelled to twist and turn so often that it would bring on swimming of the head.

During the Administration of Roosevelt, Col. Bryan almost had spasms in an effort to convince President Roosevelt that the best way to "bust" trusts was not to fine inanimate corporations but to put the vicious rich in jail. On his present Western tour, Col. Roosevelt is making a noise like he would run down the "crooks" in if he had his way. Probably he is now speaking with the bitterness of regret for neglect of past opportunities.

In order to prevent some of our esteemed contemporaries from making themselves ridiculous about "rotation in office," we are impelled to state that primaries are held by both parties for the purpose of giving the voters a chance to bring about rotation in office, if they see proper to do so. If the voters do not vote to put an incumbent out of office and elect the other fellow in his stead, then and there The People decide not to rotate. Howbeit ,and also moreover, every Democrat and every solitary Republican, hungry for office, believes in rotation in office early and often. The thing to be feared about a Republican, however, is that he also may believe in rootation in office.

MAJOR STEDMAN'S CAMPAIGN.

The Hon. Charles Manly Stedman is going to redeem the Fifth Congressional District for the North Carolina Democracy. That courtly gentleman and able Democrat is going to succeed the Hon. John Motley Morehead in Congress and will beat Prof. D. H. Blair, of High Point, the Republican who is to make the contest with Major Stedman for the seat for which Morehead refused to make another race, preferring to become State Republican chairman.

The Fifth District, we are told, is normally Democratic, and if it is, there is every reason why so distinguished and able a gentleman as Major Stedman should poll the biggest Democratic vote ever cast in the District. He is also the sort of man to win hundreds of Republican votes, for the District constituency, without regard to party, would be honored by the presence of the gallant Stedman as a member of the National Legislature. North Carolina as a whole could put a feather in its cap over the election of Wilmington's former eminent citizen, and if good wishes will elect him, Prof. Blair is as good as beaten now.

In that normally Democratic district two years ago, Mr. Morehead, the Republican nominee, was elected without making a campaign. There were various reasons for it, one being that Mr. Morehead was a "different" Republican. Anyhow, he was elected, but he did not care to run again, for reasons of his own. Both Democrats and Republicans considered Mr. Morehead the strongest man the Republicans had to put up and his declination of re-nomination caused the Republicans regret and made the Democrats glad. However, we regard Prof. Blair the superior of Mr. Morehead in ability, and so far as being "different" is concerned, he is most likely Morehead's equal, but that is neither here nor there. The Republican candidate must be beaten and Major Stedman is the man to bring about his Waterloo.

The Major is going to wage a powerful campaign, and as he is a campaigner of fine ability we are looking for a Democratic victory in the Fifth in November. The District Democracy will also do its best, and within a few days we expect to hear that enthusiasm of the old kind shall have been awakened Major Stedman will open his campaign in Rockingham county on Labor Day, Monday, September 5th, when he will speak at the manufacturing town of Spray. That is the home of Mr. Morehead, who has manufacturing interests there, so the fight will begin in the "enemy's country." The local Democrats are planning for an enormous crowd, and among the other speakers to be present will be Governor W. W. Kitchin, who is to make his first speech of the campaign. The Hon. S. P. Graves, Democratic nominee for solicitor, will also speak.

It is expected that Major Stedman's first gun will thoroughly awaken the Democracy, and it is the purpose to make the Spray meeting a rousing affair. Two or three mammoth parades will arrive at Spray from different sections, about 10 A. M., and several thousand people are expected to attend. Here's hoping that Major Stedman will capture the last one of them, for he ought to.

BRUNSWICK COMING.

In the Southport News this week, "J. P. C." writes that it is pleasing to note that the people of old Brunswick are beginning to 'sit up and take notice' and to study about the betterment of conditions."

One of the best evidences of the truth of what "J. P. C." says, is that the initiative step in the march of progress is being taken by the townships which have voted bonds for building good roads. The News' public spirited correspondent says "the demands for upbuilding and developing on all lines are growing stronger every day, and that the decision to build modern highways is "a prelude to the greatest progress in upbuilding that the county has ever known."

It is truly gratifying to note the spirit of enterprise that is taking hold of Brunswick. It is a fine section of country and The Star is satisfied that good roads and a railroad are going to make for a development that will mean a great deal for this entire section. It looks like Southport will soon have a railroad, and we are satisfied that the Brunswick people have waked up to the fact that they must do something for themselves. That is what pushes every county along.

The healthy activity of the people of Brunswick is genuine and that is what counts. They are not only going to build good roads but have already put up a steel bridge over Town Creek between Wilmington and Southport. The Southport News says it is a fine bridge, and when those good roads are completed we hope to take a spin over that bridge to Southport through a section that a splendid development awaits. From Wilmington to Southport by automobile is one of the things of the near future and it is pleasant to contemplate.

The issue in this campaign is down every Republican who runs for anything. Get rid of Republicanism and then the country will be safe till it gets another grip on it.

THE DOCKERY HIGHWAY.

Col. H. C. Dockery, the versatile editor of the Rockingham Post, has commissioned the Star to bring along with it to the Laurinburg meeting in the interest of the Wilmington to Charlotte highway, representatives from New Hanover, Brunswick, Bladen and Columbus. He has done some good misionary work in these counties himself and the Star is anxious that all shall be well represented.

Col. Dockery writes us that the Hon. O. L. Clark, of Clarkton, and Mr. R. L. Bridger, of Bladenboro, are interested and they must go. Then in addition, we would like to see at that meeting the Rev. W. M. Shaw, of the Bladen Journal, and Editor Starr, of the Bladen County News.

From Brunswick the Star would like to greet at the Laurinburg meeting Mr. J. D. Robbins, Mr. A. M. Chinnis and Mr. A. S. Kirby, all of Northwest township, which holds the key to the situation so far as the Wilmington end of the line is concerned.

From Columbus we must have our old friend T. Larry Gantt, of the Whiteville News-Reporter, an apostle of sunshine in any movement in which he enlists. Also Mr. G. Herbert Smith, of Cronly, through whose municipality the proposed highway will extend. Then there are other good roads advocates in progressive Columbus all of whom will be welcome. Why cannot the Hon. J. A. Brown and Messrs. S. E. Memory and J. R. Williamson be on hand, too?

The Star will be most certainly represented, and it nominates as further representation from New Hanover Col. "Jimmie" Cowan, of the Evening Dispatch, who has already heartily and enhtusiastically endorsed the proposed highway; Chairman D. McEachern, of the New Hanover Board of County Commissioners, perhaps the best informed man on road affairs in the State, and any other friends in Wilmington interested in opening our gates to the rest of the civilized world.

The date for the Laurinburg meeting is next Friday, September 2nd. Representatives may travel to Laurinburg on the early morning Seaboard train, returning the same night. Laurinburg is preparing to cordially receive her visitors on this occasion and it will be interesting and enjoyable.

The Wilmington to Charlotte highway is an assured fact. It is no longer a dream. Let everybody who can attend the Laurinburg meeting. Appoint yourself a delegate.

The Republican campaigners will have to "wet" their whistles when they get to blowing about their "self-government" plank.

It is hardly worth while for us to suggest to President Taft that Roosevelt's western tour is not solely for spectacular purposes.

Uncle Joe is defiant because he knows that the average Republican conscience approves his way of doing things and gloating over it. It is his Republican ways that have made Uncle Joe popular.

CURRENT COMMENT.

"Even if it is Mr. Butler's scheme, Mr. Morehead does not have to take orders from him unless he is so minded," says the Durham Herald. But if he refuses Butler will turn on him and rend him. Butler is the whole cheese in this fight.—Greensboro Record.

Two little children killed within two months because of the negligent leaving of loaded shot guns around the home is a very severe lesson for parents in Brunswick, but it is one that should teach all the grave danger of such practice. If, for any purpose, the guns should be kept loaded, care should be used that they be kept out of reach of children, so as to avoid the danger of fatal accidents.—Southport News.

Claims are sometimes made that will not stand, but here is one that is backed by the figures and the records, to-wit: Compare prices in Detroit, U. S., and Windsor, Canada. These two towns are separated by a half mile of river. The same hat that costs $5 in Detroit can be bought for $3 in Windsor, and a suit that sells for $25 in Detroit can be bought for $15 in Windsor. Both hat and suit are made in the United States and the laborer gets the same wage for making each. The tariff enables the manufacturer to rob the consumer in Detroit, while in Windsor he has to sell in competition with the world and the consumer does not have to pay a royalty to millionaire trust magnates.—Greensboro Record.

It is to be hoped that the work of building the railroad on through the Bolivia section and to Southport is not to be discontinued or abandoned. Our people here have had great hopes inspired by recent events, and they are impatient to see the work continue. As is well known Southport has no men of wealth to further such a proposition, but the town will extend a welcome hand to those who may get behind a railroad promotion. The townspeople have ever shown a willingness to do all in their power to advance railroad building to the town, and some citizens have spent thousands of dollars in their endeavors to get a railroad constructed here. It appears that we are nearer the realization of the dream of years than since 1897. We hope the Wilmington, Brunswick & Southern will be completed to Southport and become a part of the Seaboard Air Line.—Southport News.

At Rutherfordton during the Vance-Settle campaign in 1876, which liberated North Carolina from carpet-bag rule, Settle was constantly interrupted. Vance appealed to the crowd to keep quiet, but to no avail. Finally Settle said: "Mr. Vance, I will join you and others in going out yonder and tying those men." Springing to his feet, Vance said: "Mr. Settle, the men I represent cannot be tied." A Democrat is an untiable man. He must have his opinion, his notion, his idea. He is inflexible, unyielding, unweildable. It is a characteristic which has lost his party the Presidency many a time, and once, in the great crisis of '60, it gave the young Republican party a running chance which has kept it in almost perpetual power ever since. The Republican is a different type. He will insurge and insurge, and rip, rear and snort inside his party up to election. Then he will forget all party differences and go and vote the straight ticket.—Hickory Democrat.

A somewhat unusual experiment has been made this year by Mr. J. Henry Caldwell, a farmer of Ardella, in Spartanburg county, S. C., and from the present outlook some very interesting results will be obtained. Early last Spring Mr. Caldwell selected an acre and insteau of ploughing broke the land for corn by the use of dynamite. "This acre," declares the Spartanburg Herald, after a personal inspection, "has as fine corn as was ever grown anywhere. Every blade presents a dark, rich, green color. The stalks bear two and three full ears each." Twelve stalks selected at random bear 26 ears and in another part of the patch 54 ears were counted on 30 stalks. Conservative estimates place the yield of the acre at from 225 to 250 bushels, the crop having thus far cost slightly less than $70. The Herald emphasizes the fact that the corn grown on this dynamited acre does not seem to have been "fired", as has that grown on land close by which was differently prepared. The ears are remarkable for their size and fine development. Mr. Caldwell's experiment has attracted much attention from farmers and it would seem that his plan merits being tried out on a much larger scale.—Charlotte Observer.

Complying with a recent request of ours, the Rockingham Post has set Friday, September 2, as the date for the Laurinburg meeting in the interest of the Charlotte-to-Wilmington highway, and in yesterday's issue our contemporary emphasizes the importance of a large attendance on that occasion. "We want every county along the route represented," declares The Post. "We want to find out the local conditions in each county and if these are bad to go to work to make them good. We want representatives from each county to be there with facts and figures, with diagrams and suggestions. We want to organize and get to work. This highway can be built. Let's do it." The Post has in these words so well covered the purposes of the Laurinburg meetings that little remains to be added. If the matter is properly handled in each county, there is no reason why there should not be presented at that meeting a tabulated statement showing the condition of every mile of the route from Charlotte to Wilmington. With such data as this to work from, the organization then to be effected will have its work cut out for it and can proceed at once to its accomplishment. To place such data on the chairman's desk at the opening of the meeting will require no unreasonable amount of effort if those who are interested in the undertaking in each county are careful to do their part. It would require little ingenuity to outline a method by which Friday, September 2nd, could be better invested than by spending it in the court house at Laurinburg, planning for the building of this great road. The Post concludes with a sentence which should be uppermost in the public mind throughout the section interested for the next ten days at least: "On to Laurinburg and on with the highway." From nine counties should come the prompt response. "So mote it be."—Charlotte Observer.

POSTMASTER DEAD.

Mr. Mack Brantley, of Spring Hope, Nash County—Long Career.

(Special Star Correspondence.)

Nashville, Aug. 26.—News reached Nashville this morning of the death of Postmaster Mack Brantley of Spring Hope. Mr. Brantley who was nearly 80 years of age had been in feeble health for some time and his death was not unexpected. Nearly all Winter he was unable to be up but with the coming of the Summer months he was again able to be up town much to the delight of his friends. For the past two or three weeks he has been confined to his bed. His death occurred yesterday, and the funeral will take place today.

Mr. Brantley was an old line Republican and had been postmaster at Spring Hope for a number of years. There wasn't a stronger or more staunch member of his party in the county, and in the years gone by he has been a leader. He was respected by men of all parties. He was a native of Nash county, and for years and years was one of the most prominent surveyors of the county. He was too old to be in the war, but was a member of the home guards. He was a member of the Primitive Baptist church, and always a prominent leader at the various meetings of the organization. He was of the old school type of gentleman, gentle in nature and accommodating even to a fault. It was always a pleasure to hear him discuss the happenings of by-gone days, and he was liked and thought well of by all the people of the town and county. Truly a good man has gone to his reward. He is survived by his widow, a number of children and grandchildren, and hundreds of relatives throughout Nash county.

The Best Hour of Life.

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had. I then proved to my great sitisfaction. what a wonderful cold and cough cure Dr. King's New Discovery is. For after taking one bottle, I was entirely cured. I can't say anything too good of a medicine like that." It's the surest and best remedy for diseased lungs, hemorrhages, lagrippe, asthma, hay fever—any throat or lung trouble 50c, $1.00. Trial bottle free. Guaranteed by Robt. R. Bellamy.

Suit Against Sheriff in Pender Declared a Hoax.

(Pender Chronicle.)

Under the caption "Suit Against the Sheriff," the following appeared in Tuesday's Star:

"It was stated yesterday evening that Hon. John D. Kerr, of Clinton, spent yesterday in Burgaw and with E. L. Larkins, Esq., of the local bar, instituted a suit against Sheriff W. W. Atkinson and his bondsman in favor of Richard Sanderson, the plaintiff, who it is understood will ask damages for an alleged wrongful seizure of property. As the complaint has not been filed, particulars of the suit are not known."

Mr. Larkins came to us twice Monday afternoon requesting us to publish an article similar to the above, but as there were no facts behind his statements we refused to do so. He said he would get it in the Star and went to Wilmington that afternoon. When shown this newspaper announcement Tuesday Mr. Sanderson said he knew nothing of it, that it was a surprise to him and that he had never instituted any suit against either Sheriff Atkinson or his bondsmen. We would have paid no attention to this had it not appeared in the Wilmington paper casting a reflection upon our able, conscientious and honest sheriff when nothing is on record to show that any suit has been either instituted or contemplated.

FARMERS' UNION RALLY.

Big Day at Lumberton—Addresses—Candidates on the Ground.

(Special Star Telegram.)

Lumberton, N. C., Aug. 26.—The Educational Rally under the auspices of the Farmers' Union was largely attended here today, all sections of the county being represented. The exercises were held in the Court House beginning at 11 o'clock.

The meeting was called to order by President Cobb, of the Farmers' Union. Prof. R. E. Sentelle delivered the address of welcome. President Cobb responded in behalf of the Farmers' Union, and Prof. J. R. Poole responded in behalf of the teachers. Educational addresses were delivered by Prof. Swift, of Greensboro, and Dr. Harrison, of the A. & M. College, spoke on agricultural education. In the afternoon Prof. J. B. Carlyle addressed the assemblage, his subject being, "Back to the Farm." Music was furnished by the Parkton brass band.

Congressman Godwin and Hon. O. L. Clark both spent the day here but neither of them made any public talk. Sentiment, we have heard several gentlemen from different parts of the county say, is growing in favor of Mr. Clark.

Every housewife "in business"—is a buyer of home supplies—and should watch for buying opportunities as closely as though she were buying to sell again.

HENRY JEROME STOCKARD, A. M., Pres., Raleigh, N. C.

NEW SCHEME OF DISTRIBUTION

Long Stride Forward in Handling Mails at Wilmington—On Footing With Largest Offices of Country in This Respect.

What is said without hesitation, by those in position to know, to be the greatest stride made in the handling of mails through Wilmington since the introduction of the free delivery service, has just been announced in the adoption of a new scheme of letter distribution which places this city in a class by itself compared with other cities in the State and upon an equal footing with the largest cities in the North and South.

The new scheme of distribution will greatly facilitate the handling of the mails and will result in practically the delivery of all packages to the addressee upon its train arrival. In other words, the new scheme practically transfers all the distribution from the postoffice to the railway clerk on the train, who classifies the letters and other packages with reference to their delivery in Wilmington, and upon the arrival of the train and transfer of the pouches to the postoffice, the mail is ready for distribution in bulk to the box of the addressee or is properly classified with reference to the carrier route so that there is not a moment's delay in dispatching to the person for whom the mail is intended.

After working for nearly three months in taking the matter up with the Department at Washington and arranging the preliminaries for the new service, Postmaster Wallace has just been advised that the new service is granted to Wilmington and its success is assured with the proper co-operation of the public. Heretofore the mail for Wilmington has been indiscriminately tied in packages for the Wilmington office, requiring an hour or hours for its proper classification after reaching the postoffice. Under the new scheme all this mail will be tied in packages on the train by the railway mail clerk with respect to the location of the addressee or number of his box or carrier route by which he is served. In this way large receivers of mail will be able to receive all the mail for them the moment the bag is opened at the post office, the mail for the particular large receivers being tied in bundles to themselves and other mail being tied with reference to boxes or routes by which they are served.

In order that the public for whose benefit the new scheme has been secured at great expense of time and preliminary work may profit by the new scheme, it is necessary that they extend the fullest co-operation by notifying their correspondents to address all mail to them with reference to box or street number, care of large firms who may receive their mail in bulk or to their particular hotel, boarding or apartment house. Postmaster Wallace has spent much time and work on the new scheme which is exactly that employed to facilitate the handling of mails at New York, Chicago and other large places in that section and a few in the South. It is a long stride in the march of progress and one for which Mr. Wallace deserves the full credit and the most earnest co-operation. Receivers of mails are earnestly requested to note the requirements of the new service and prepare themselves to take advantage of it.

OPERATOR HAD BAD FALL.

Fell From Brick Wall Dividing Coast Line Yards Last Night.

Last night about 10:30 o'clock while either going from or to his work at the Smith's Creek yards of the A. C. L., where he is employed as a telegraph operator, young Mr. Roy Burgin, had the misfortune to fall from the high brick wall, dividing the upper and lower yards of the railroad company, at the east of the passenger shed, a distance of some 10 or 15 feet, and was badly bruised and shaken up. Lying in this perilous position with shifting engines going to and fro on the yard, his groans attracted the attention of a small boy standing on Fourth street bridge and he notified the firemen at Fourth Street station and they went to his assistance, signalling a passing engine and taking him to the station where he was attended by Dr. Pride J. Thomas. The young man is severely, but it is thought not seriously injured. He has been in Wilmington only a few days and is known by very few Wilmington people but is receiving the best attention by the railroad company representatives.

For Physical Exhaustion
Take Horsford's Acid Phosphate
Especially recommended in physical and mental exhaustion, nervousness and impaired digestion.

CURES PIMPLES EASY.

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past J. Hicks Bunting Co. have done the biggest business it ever had in any one article in selling Hokara, the skin food that has won so many friends in Wilmington.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, ache, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound on disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling To convince every one of its merits, they will sell a liberal-sized jar for 25 cents. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

STREET COMMISSIONERS MEET

No Action Taken Relative to Contract for Sixth Street Bridge—Hanover Street Will not be Graded.

Although the Street Commissioners were in session at the City Hall from 3:30 o'clock yesterday afternoon until 7 o'clock last evening, Chairman Louis Belden presiding and all members in attendance, very little business being taken up in hearing a verness was transacted, most of the bal report from City Engineer Humphreys relative to an outline of the improvements that are to be made and the progress of the work under his department.

Soon after the meeting was called to order and the minutes of the previous meeting read, City Engineer Humphreys explained in detail the various bids opened at a special meeting August 16th for constructing the bridge over the A. C. L. tracks at Sixth street. The engineer recommended that the matter of awarding the contract for the work be postponed until a later meeting and his recommendation was adopted by the Commissioners.

The engineer submitted estimates for grading Hanover and Brunswick streets and urged that the Commissioners decide at this meeting which of the two streets work should be graded first. He also urged that the Commissioners authorize the advertising for bids for the approaches to the Sixth street bridge. Upon motion of Mr. Wm. E. Worth, seconded by Mr. W. L. Parsley, the city engineer was authorized to advertise for bids for building the approaches to the Sixth street bridge, the sand to be secured by grading Hanover street, presumably from Fourth to the river. The bids are to be in the office by Thursday week and will be opened at the next regular meeting of the Commissioners. It was reported that the work on constructing the abutment and wing walls for the Sixth street bridge was progressing rapidly. This work is being done by the railroad.

The commissioners discussed at length various matters pertaining to the improvement of the streets, but action was not taken on any other matters of public nature.

Just before adjournment City Engineer Humphreys asked for and was granted a ten days' vacation, the same to begin some time next week.

THE RECORDER'S COURT.

Several Cases Were Tried at Yesterday Morning's Sitting.

Several cases were tried at yesterday's session of the Recorder's court, presided over by Recorder John J. Furlong, but none was of an special interest. C. G. Richardson, a white man, arrested Thursday night on the charge of disorderly conduct, did not appear and his bond of $10 was declared forfeited. Sophia Nue, a white woman, charged with disorderly conduct, was found not guilty. H. A. Powell, a white man, was required to pay the costs for disorderly conduct. Gertie Graddy, colored, was found guilty of resisting an officer and was sentenced to three months on the county farm. She was arrested a few days ago by Deputy Sheriff Howe on a minor charge and "allowed" that she would not go with him. She is a woman of much physical strength and she gave the officer a lively scuffle. John Turlev, a white man, was arraigned on the charge of disorderly conduct and firing a pistol in the city limits. He was assessed $10 and costs for disorderly conduct, while the other case was dismissed, there being no evidence against him as to firing a pistol.

SENATORIAL CONVENTION.

Democrats Meet at Southport September 10th to Nominate.

The formality of nominating in convention George H. Bellamy, Esq., of Brunswick county, as Democratic candidate for the State Senate in this district, will be gone through with at Southport, at noon Saturday, September 10th. The date of the convention was decided upon through correspondence between Messrs. Marsden Bellamy, of New Hanover, and Peter Rourk, of Brunswick, chairmen of the respective Democratic Executive Committees, and was announced by Mr. Marsden Bellamy yesterday. Mr. Bellamy was nominated for the office in the primaries some weeks ago and the purpose of the convention is to ratify the action of the primaries. There are no other matters to be considered at the convention and the attendance will probably not be large. New Hanover is entitled to 42 delegates and Brunswick to 13 in the convention. The New Hanover delegates will be announced some time next week, probably.

SUNDAY SERVICES

Announcement by Wilmington Pastors For Services Tomorrow.

First Presbyterian Church, corner Third and Orange streets, Rev. J. M. Wells, D. D., pastor. Services tomorrow, Sunday, at 11 A. M. Sunday school at 9:50 A. M. Christian Endeavor S. P. M. Usual mid-week prayer meeting Wednesday evening at 8:00. All welcome.

A cordial welcome to all.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

LADIES HAD NARROW ESCAPE

Misses Pauline Osborne and Sallie Oldham Got Beyond Depth in Surf at Carolina Beach Yesterday—The Rescue.

Misses Pauline Osborne and Sallie Oldham, two popular young ladies of this city, had a narrow escape from drowning while surf bathing at Carolina Beach about 5 o'clock yesterday afternoon, and it was only through the efforts of Mr. W. P. Oldham, Jr., who was in bathing with them, that they were taken safely to the shore.

The young ladies were naturally very much frightened and were in a highly nervous state when taken from the water but it is not thought that they will suffer any ill effects from their experience. Although he swam quite a distance with both ladies clinging to him, Mr. Oldham did not in the least feel any ill effects of the harrowing experience.

The young ladies were some little distance from Mr. Oldham and got beyond their depth. The undertow was strong and they were swept out beyond the end of the shore line. Their danger was noticed just in time by Mr. Oldham, who was the only man in the surf, though there were a number standing on the beach. Mr. Oldham is a fine swimmer and he reached them in a short time. When they realized that they were being carried out to sea and were powerless to do any thing within themselves the young ladies became greatly excited and were struggling with all their might when assistance reached them.

Mr. Oldham realized in an instant the perilous condition of his sister and Miss Osborne and that all depended upon him. He nerved himself for the contest against the waves and came out victorious. He was warmly congratulated by those who watched the rescue from the shore and the many friends of the young ladies were congratulating them last night upon their escape.

TARRYMOORE HOTEL.

Will Probably Remain Open Until Monday, September 5th.

Mr. W. J. Moore, the popular manager of Tarrymoore Hotel, Wrightsville Beach, stated yesterday morning that his hosterly would probably not close for the season until Monday, September 5th. Certainly not if the present number of guests continues through next week. A number of visitors have arrived at the Tarrymoore during the past few days and some will remain until the hotel closes for the season while others are expected to come in every day for the next week. It is expected that there will be a large number of arrivals today for the week-end. Practically all of the representatives here to the annual convention of the Junior Order, United American Mechanics, have departed for their homes in various parts of the State.

Y. M. C. A. WORK.

Mr. B. A. Thees is Selected as Assistant Physical Director.

Announcement is made that Mr. B. A. Thees, of this city, has been named as assistant physical director of the Y. M. C. A. and will begin his work within the next few days. The regular gymnasium work of the association does not begin until October 1st, but Mr. Thees will use the time intervening to familiarize himself with his duties. An assistant physical director is made necessary by the selection of Physical Director J. B. Huntington as general secretary, announcement of which was made some time ago. The officers of the association are now busy arranging plans for the Fall and Winter work.

LARGE EXCURSION PARTY.

Steamer City of Fayetteville Brought 100 From White Oak.

A hundred excursionists from White Oak, Bladen county, arrived early yesterday morning on the steamer City of Fayetteville, Capt. Adkins, and spent the day in the city and at Wrightsville Beach. This was the largest excursion party brought on the steamer this season. The excursionists left on the return trip late yesterday afternoon. For the past few weeks excursionists from various points between Fayetteville and Wilmington have come to the seashore in larger numbers than usual.

GUN CLUB WEEKLY SHOOT.

Two Professional Representatives Are Guests of Club Yesterday.

For the regular weekly shoot yesterday afternoon the Wilmington Gun Club had as its guests Mr. Walter Huff, of the Dupont Powder Works, and Mr. J. D. Barnes, of the U. M. C. Co. Mr. Huff was high gun with 97-100, while Mr. Barnes made 77-100. Of the amateurs Geo. S. Boylan was high gun with 71-75, while other scores were D. L. T. Capps 62-75; Geo. W. Penny, 67-75; Dr. J. H. Dreher 63-75; Bradshaw, 35-50; Perdew, 41-50; Taylor, 44-50; Grant, 40-50; Christian 29-50.

Republican Convention.

Attention is called to the announcement by Chairman Thos. E. Wallace in another column that the Republican County Convention will be held in the Court House next Monday at 1 o'clock for the purpose of electing delegates to the Republican Congressional, Senatorial and Judicial conventions. A full attendance of delegates is urged.

Seattle, Wash., Aug. 26.—Congressman Humphries has received a telegram from the Navy Department informing him that the commandant of the Puget Sound Navy Yard has been instructed to confer with the commandant of the Puget Sound coast artillery district regarding simultaneous firing of the big guns of the warships and forts in an effort to start a rainfall to check forest fires.

Chocorua, N. Y., Aug. 26.—Prof. William James, of Harvard University, one of America's foremost philosophers, died today at his Summer home here. Although he had been ill for some time his death was unexpected.

Try a Star Business Local.

FACTS BEFORE COMMITTEE

Question of Whether New Hanover Can Hold Second Primary on Account of Congressional Muddle—Some Solution.

Local politicians and members of the legal profession are at sea, so to speak, as to whether or not New Hanover county has the legal right to hold a primary to elect delegates to the second Sixth District Congressional convention called by the State Democratic Executive Committe to be held some time before the 15th of September, and the question was generally discussed yesterday with varying opinions. As is well known the primaries in New Hanover are held under what is known as the Australian ballot law and it is urged by some that to comply with the request of the State Committee would mean a violation of this law.

It is pointed out that while there is nothing in the Australian ballot law as to the notice that must be given, the acts of 1905 provide that the County Democratic Executive Committee must give 20 days notice of a primary before same can be legally held in this county. They state that it would not be possible for this county to abide by the law and hold a primary prior to the 15th of September. The first step necessary would be to call the committee together and then the committee would have to select the date of the primary. There are now only 19 days until the 15th of September and should a call be issued today for a meeting of the committee it could hardly be held before Monday, which would leave only 17 days intervening. Of course, if a primary were held it would be under the Australian ballot law so far as the submitting to members of the Executive Committee the names of candidates for delegates and the manner and method of voting is concerned. This provision, it is pointed out by some, could easily be carried out, the only question being whether or not a primary can legally be held with less than 20 days notice.

The committee, named by Chairman Eller, of the State Democratic Executive Committee, to arrange for the primaries and convention, will hold a meeting in Raleigh today. They were notified by mail yesterday of the question that has arisen in this county and they will very likely consider the matter. It is said by some that if there is no other way out of the seemingly complicated situation the State Committee could extend the time of holding the primary in this county so as to allow the 20 days notice. Then comes another pronosition. Some say that the New Hanover county Democratic committee alone has the authority to say whether or not another primary will be held and upon what date and that the committee might not see fit to call a primary at all, but send to the second convention the 42 delegates named in the first primary in June. This is the only county in the district that has the Australian ballot system and the same question is not likely to bob up in any other county. There are those who believe that the matter will be clarified upon further investigation and consideration and that satisfactory adjustment will be made.

GRISCOM STAYS MUM.

Refuses to Discuss Woodruff's Statement—People Need a Rest.

New York, Aug. 26.—"I would suggest that Mr. Woodruff again read President Taft's letter to me of August 20th."

Urged throughout the day to make a statement, this was all Lloyd C. Griscom, chairman of the New York Republican County Committee, would say in comment of State Chairman Woodruff's statement of last night in which Mr. Woodruff said that he was ignorant of any plan to present Theodore Roosevelt's name before the recent State committee meeting for temporary chairman of the State convention.

Mr. Woodruff did not amplify on his statement today, but William Barnes, Jr., of Albany, was more loquacious. He declared as he did in a statement of a few days back that the "people want a rest."

"What the people of the State now want is to be left alone," said Mr. Barnes. "Business interests are being put on the bad way by this wanton political agitation. People want to conserve their business interests and do not want them destroyed by political demagogues."

The most interesting development of the day found expression in reports from Nassau county, L. I., (Col. Roosevelt's county) that Republican leaders there had determined that he shall be a delegate to the State convention probably to lead the Nassau delegation.

UNITED LUTHERAN SYNOD.

Great Gathering of Churchmen There Next Month.

Lutherans of all over the country are looking toward Richmond, anticipating the great gathering of churchmen there next month. Beginning September 5th, the twelfth biennial convention of the United Synod of the Evangelical Lutheran Church in the South is to meet in Richmond and will continue in session for a week. There will also be held, in conjunction with the Synod, a meeting of the Woman's Home and Foreign Missionary Society. It is expected that there will be 500 delegates of the society.

The United Synod was organized at Roanoke in 1886 and consists of eight district synods, as follows: North Carolina, Tennessee, South Carolina, Virginia, Southwestern Virginia, Mississippi, Georgia and Holston. The total membership of the United Synod is 47,831. These district Synods cover the States of Virginia, West Virginia, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Florida, Mississippi, Texas and Louisiana. The delegates to the convention will be the representative ministers and laymen from these various States.

Spokane, Wash., Aug. 26.—Supervisor Weigler received a dispatch today stating that 70 men of Halm's party are safe. Only 14 remained with Halm, and they, with their leader, are believed to be dead.

YOUNG MAN'S TRAGIC DEATH

Mr. Virgil Hurley Lost Life at Wrightsville—Heroic Efforts of Life Saver Yopp Were of No Avail to Save Him.

Mr. Virgil Hurley, 23 years old, formerly of Wadesville, Montgomery county, until about three days ago telegraph operator for the Atlantic Coast Line Railroad at Smith's Creek bridge, near the city, lost his life about 6 o'clock yesterday afternoon while surf bathing off Lumina, at Wrightsville Beach. Through the heroic efforts of Live Saver Freeman Yopp, who came near losing his own life, the young man was gotten ashore but died in a few seconds of heart trouble due to exhaustion.

The body will be taken this morning to the young man's former home in Montgomery county, where the funeral and interment will take place. Mr. Hurley came here some months ago and took a position with the Coast Line as telegraph operator at Smith's Creek bridge and was in this position until about three days ago when he tendered his resignation. The excursion arriving here Thursday from up the Aberdeen & Rockfish Railroad brought to the city and beach a number of friends of Mr. Hurley and he had been with them most of the time since their arrival. Yesterday afternoon about 3 o'clock Mr. Hurley and two friends, Mr. Charlie Baxter, of Jackson Springs, who conducted the excursion, and Mr. Dave Knight, a deputy sheriff of Aberdeen, went in the surf at Lumina. Messrs. Baxter and Knight went out shortly after 5 o'clock and left Mr. Hurley in the surf. The undertow was strong and the young man, having got beyond his depth, was swept out beyond the second reef, probably 1,000 feet from shore.

Life Saver Freeman Yopp was in the surf and noticed that the young man was in imminent danger and that he could never get ashore alone. The life saver went with all possible speed to the assistance of the young man, who was yet perfectly conscious, but struggling desperately in the water. After young Hurley caught hold of the life saver both were caught by an undertow and carried farther out to sea and into an "offset," that has ever been known to be extremely dangerous. Here Life Saver Yopp had the battle of his life and for his life For 20 minutes he struggled in the mighty waters of the Atlantic with the now semi-conscious form clinging to him and fighting him with all his might, which is invariably the action of a drowning man. The water at this point was over 15 feet in depth. Mr. Herbert Chadwick noticed from the shore the struggles of the two men and swam out to them with a line. He was himself almost exhausted when he arrived. In the meantime some colored fishermen secured a boat and in charge of Doc Faison, colored, went to the rescue of the men. All were taken aboard the boat and carried ashore. Mr. Hurley was in a dying condition and Mr. Yopp was exhausted. Both were given attention when the boat landed.

Mr. Hurley breathed only twice after being lifted from the boat. Efforts to resuscitate him were kept up for an hour and a half in the hope that there was a spark of life left, but to no avail. Dr. C. D. Bell, the coroner, who went down to the beach at 7:30 o'clock last night, in company with Mr. John Sheehan, superintendent of the Tidewater Power Company, and Mr. Marvin H. Brimmer, of Mr. W. E. Yopp's undertaking establishment, made an examination of the body and gave it as his opinion that death was due to heart failure produced by exhaustion. The young man did not get any water in his system as his head was kept above the waves by the life saver.

Mr. Yopp's condition was found to be rather serious and he was administered to by Dr. J. B. Cranmer and Mr. B. H. Bridgers. In a short time he was in condition to be up and about, but his nerves were shattered. He came to the city last night and will probably not be able to return to his position in several days. In speaking of the tragedy Mr. Yopp said that it was indeed a fight for his life and that he never expected to reach shore again alive. The boat arrived in the nick of time. This is the most harrowing experience Mr. Yopp has ever had in his several years of service as life saver and is the first person he ever had to drown. In 1907 he rescued a lady who had been swept out to almost the same spot where young Hurley was first struggling, but on that occasion the undertow was not so strong as it was yesterday. The heroic efforts of Mr. Yopp were witnessed by a large number who when his condition permitted, crowded around him and showered upon him their congratulations for his noble work and also upon his own escape from death.

Upon arriving at the beach Dr. Bell examined the body and heard the statements of the eye-witnesses, after which he gave permission for the removal of the body, which was brought to the city on a suburban express car at 9:30 o'clock and taken to the funeral parlors of Mr. W. E. Yopp, on Princess street, and prepared for burial.

The body will be taken this morning on the Seaboard train to Wadesville, the former home of the young man, accompanied by Dr. W. N. Hall, a young dentist of Aberdeen, and Mr. Fred Jones, a Coast Line flagman, both of whom are natives of Montgomery county and have known the unfortunate young man for several years. The funeral and interment will take place at Wadesville. The young man is survived by his father and mother, two brothers, who are Methodist ministers, and a sister. He made many friends in this city and they were deeply grieved to learn of his tragic death.

About 3 o'clock yesterday afternoon a Mr. MacDaniels, an employe of the Tidewater Power Company, had a narrow escape from drowning, when he got beyond his depth off Lumina. He was rescued by Life Saver Yopp.

WHAT BECAME OF MAN?

Person Seen Walking on Roof of Masonic Temple Last Night.

There was much excitement in the vicinity of Front and Princess streets about midnight last night when several persons saw a man walking around on the roof of the Masonic Temple. The man was first observed by a person down near the river. At that time the man was walking around on the roof directly over the portion of the building occupied by the Kress store. Later he was seen near the edge of the roof on the Front street side. Several policemen and others secured a lantern and went on the roof of the building and searched for some time and at 12:30 o'clock came down, saying that no trace of a man could be found. One of those who watched the searchers from the Southern Hotel suggested that "ni-beer" must have been freely used by those who reported seeing a man on the building, but his theory was exploded when it was learned that a policeman also noticed the man walking on the building. He could very easily have gotten down while the searchers were going up, it is said.

ORGANIZE CLARK CLUB.

Bladen Man's Robeson Friends Active —Mr. McAllister and Bride.

(Special Star Telegram.)

Lumberton, N. C., Aug. 26.—A large number of citizens met in the Court House here tonight and organized an enthusiastic Clark Congressional Club. Mr. M. W. Floyd was elected president. Several short talks were made in which the opinion was freely expressed that Mr. Clark was rapidly growing in favor with Robeson people.

Mr. John D. McAllister and bride arrived tonight from Hampton, Va., where they married Wednesday. Before marriage Mrs. McAllister was Miss Olive Crosby and was well known here, having spent two or three seasons here in the millinery business with Mrs. Josephine Breece. A large circle of friends wish this popular young couple the richest of life's blessings.

INSANE MAN SHOT TWO.

Kills Porter and Injures Kansas City Doctor on Pullman.

Ellis, Kas., Aug. 26.—Harry Pugh, a Niagara Falls, N. Y., man became insane on the Pullman car of a Union Pacific train near here today and shot and killed J. H. Young, the car porter, and seriously wounded Dr. H. H. Temple, of Kansas City.

Pugh had acted queerly in the evening, but talked agreeably with other passengers in the car. In the night he shot through the end of his berth into the smoking room. The car porter ran toward Pugh's berth and was shot twice through the body. Temple, who was en route from Denver, with his wife and child, sprang into the aisle and Pugh shot him twice through the abdomen.

The conductor and brakeman then overpowered Pugh and he was placed in jail here. Temple was taken from the train at Ellsworth unconscious apparently in a dying condition and placed in a hospital. Young was taken to Kansas City where he died. Pugh is about 28 years old and of prosperous appearance.

HOUSE PARTY AT CHINA GROVE BEACH PAST WEEK.

Little River, S. C.—For the past week one of the most enjoyable house parties of the season has been in progress at the hospitable home of Mr. and Mrs. N. F. Nixon at Cherry Grove Beach, S. C. The young people that composed the party were friends and schoolmates of Miss Ella Nixon. It would be hard to find a jollier party. At all hours of the day some of the crowd could be found fishing, surf bathing, crabbing and automobile riding on the strand, the majority enjoying the hammocks and frequently the pantry. On the eve of the departure the spacious parlors were thrown open and music and dancing were enjoyed. Those in attendance were Mr. and Mrs. Robert Nixon, Newbern, N. C.; Capt. and Mrs. Mosley, Wampee, S. C.; Misses Irene Nixon, Topsail Sound; Katie Rourk, Wilmington; Bernice Ramsbottom, Chadbourn; Nell Miles, Marion, S. C.; Eva and Annie St. George, Southport, N. C.; Lou Mitchell Nixon, Newbern; Freddie, Pearl and Mina Blum, Louise Sloan, Nava McGin, Lizzie Vereen, Little River, S. C.; Messrs. Henry and Charlie Bridger Bladenboro; Moore Thompson, Abbottsburg; Jack Vereen, Jacksonville, Fla.; Kenneth Nixon, Newbern; Junius Davis, Southport; John and Orbe Vereen, Little River; Dr. J. A. Stone, Shallotte; Dr. Ayres and Robert Bell, Wampee, S. C.; Herbert Bellamy, Lay, S. C.

Chicopee, Mass., Aug. 26.—The Chicopee Manufacturing Company's cotton mills here were shut down today until September 12th. The mills which have been running five days a week, for some time, employ about 2,000 operatives. Announcement was also made that on September 2nd the mills of the Dwight Manufacturing Company will close until September 12th. They employ about 2,500 hands.

Ellis, Kas., Aug. 26.—Harry Pugh, of Niagara Falls, N. Y., became insane on the Pullman car of a Union Pacific train near here early today and fatally shot the porter, named Young, and a passenger named Temple, of Kansas City, Mo.

Efforts by the Federal and State agricultural departments to improve cotton by seed selection possess importance for more reasons than one. European governments are endeavoring to bring Indian and other low-class commercial cottons up to the American average. It consequently behooves Southern Planters—and they are doing it—to improve their cotton still more.—Charlotte Observer.

The latest story about the President and Colonel Roosevelt is that the latter will demand the head of Jim Sherman on a charger as the price of peace. It doesn't sound good, but if peace can be bought for anything of as little value as that it is cheap enough.—St. Paul Dispatch.

When a man gets something on the pledge that he will do something and then fails to keep his pledge, he gets something under false pretenses. The principle is applicable whether that received is a bunch of money or a few thousand votes.—Columbia State.

You'll Like Blue Ribbon.

For your Sunday desserts order Blue Ribbon Vanilla and Lemon Extracts, and your success is assured.

The "bargain hunter" is no longer the woman who merely haunts the stores. She is the woman who watches the ads and goes to the stores strictly on business.

Theatrical

"Ishmael," from the book of the same name by Mrs. E. D. E. N. Southworth, one of the widest read of the popular novels of its generation, will be seen at the Academy of Music Thursday, September 1st. The dramatic version is the work of Alice E. Ives, author of "The Village Postmaster" which for several seasons was one of the most popular plays before the public. Miss Ives is said to have done the best work of her career in this dramatization and, dealing as it does, with people and institutions of the South, should have peculiar interest for this section of the country. The atmosphere of ante bellum days is attractively preserved and, as a sharp contrast is offered the manner of life and thought prevailing in England among the aristocracy of that country. The scenic production, involving as it does pictures of the home life of the best element of our Southland and also of the titled classes of England, affords opportunity for elaborate treatment of which the producing managers have availed themselves to the limit.

PERSONAL PARAGRAPHS.

—Mr. A. P. Smith, of the International Salt Company, of New York, is here on a short business trip.

—Mr. Clifford Hopkins, formerly of this city, but now of Fayetteville, is spending a few days in the city and is being pleasantly greeted by his many friends here.

LOCAL DOTS.

—The schooner Richard Linthicum, Capt. Lennon, arrived yesterday from New York with cargo of cement for the Wilmington Compress & Warehouse Company. The vessel is to C. D. Maffitt.

—"By the Faith of a Child" is the title of the feature picture that will be shown today at the Bijou. It is dramatic in the extreme and is the kind that will hold the attention of the audiences.

—Deeds were filed for record yesterday as follows: H. H. Merritt and wife to Mary McLean Taylor, for $100 and other considerations, lot on south side of Orange, 123 3-4 feet east of Eighth, 41 1-4x110 feet in size; M. D. Bowen and wife to Willie Green, for $100 and other considerations, lot on east side of Seventh, 132 feet north of Castle, 58x165 feet in size; Samuel M. Adams and wife to William and Bernhard Goodman, for $100 and other considerations, lot on north side of Wright, 105 feet west of Seventh street, 40x66 feet in size.

Reports from the Fifth North Carolina District make the outlook for Major Stedman very bright. Morehead's declination of the Republican nomination queered the game for Blair at the start. Thank you, Mr. Morehead.—Richmond Times-Dispatch.

The Insurgents who are gunning for Cannon are using Democratic weapons, and if they prove successful, it will be the Democrats, and not they, who will bag the game.—San Francisco Chronicle.

Instructions in running the universe will now be given in a series of fourteen addresses ranging from bee culture to the military hydrocephalousness of Napoleon Bonaparte.—Baltimore Sun.

GENUINE ECZEMA REMEDY.

New Remedy That Cures Eczema Quickly.

J. Hicks Bunting Co. has sold dozens of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing to them is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief and cure in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal-sized jar at the very low price of 25c and with every package goes their guarantee to refund the money if it is not satisfactory. Larger size, 50c.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

TO PALE, THIN PEOPLE.

Druggist J. Hicks Bunting Offers to Pay for Samose if it Does Not Make Thin People Fat.

Samose, the remarkable flesh forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time, Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

Weigh yourself before you commence the use of Samose, and you will notice a steady gain. Samose is a scientific flesh-forming food that restores the thin and scrawny to their proper weight, and fills the weak and debilitated with vigor and vitality.

Such remarkable results have followed the use of Samose that Druggist J. Hicks Bunting is willing to pay for the treatment if it does not give the desired results.

Sent prepaid on receipt of price, 50c.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains, and corns. Try It. 25c at Robt. R. Bellamy.

FREEDOM AFLOAT.

By M. QUAD.

[Copyright, 1909, by American Press Association.]

The strong minded Mrs. Graham and four other strong minded sisters in the faith had chartered the houseboat Freedom for a cruise of a month on the bay and were ready to start. Not a man was to be allowed on board; not even a boy was to be allowed to fish near the craft. It was to be independence of the male sex pure and simple. The five husbands of the five strong minded women had raised no objections. They had simply smiled and winked at each other.

The tug left the houseboat at anchor forty rods from a wooded shore. The women bossed the job, and the tug captain obeyed instructions. The anchor was hardly down when five voices began chanting their relief at having arrived where man was not. They had escaped him. They could stand on the burning deck and defy him—no more thraldom and oceans of liberty for a month.

This state of relief and hilariousness and general good feeling continued for fifty minutes by the clock in the cabin. Then Mrs. Perkins discovered a cockroach. It was not a monster of malignant mien, but still it was a cockroach. Its discovery ought to have been the merest trifle compared to the emancipation of woman after 6,000 years of servitude, but the fidgety Mrs. Perkins clean forgot to look at it in that way. In fact, she said that she wouldn't have come if she had known that a cockroach was coming too.

It was just ten minutes later when Mrs. Smith discovered flies and bugs—flies and bugs coming in clouds from the shore and that the insects had feeth or stingers. Then Mrs. Brown and Mrs. Davis asked for fishlines and learned that no one had thought to provide them. The talk was blending into acrimony when Mrs. Graham called a meeting of the society and presented the following preamble and resolution:

Whereas, Woman has at last emerged from a state of servitude lasting since the days of Adam and Eve; and,

Whereas, She has now become the superior of man and no longer needs his assistance in any direction; now, therefore, be it

Resolved, That the sense of this meeting is that we proceed to show the world at large, but particularly the male sex, that we are equal to any emergency.

The resolution was adopted without a dissenting vote, and for an hour a holy calm reigned. Then, in storing away the groceries, it was discovered that neither salt nor baking powder had been brought along. Mrs. Perkins and Mrs. Smith had quite a few plain words over it, and when Mrs. Graham threatened to call another meeting of the society they were silenced.

On the second day several more things happened. It was discovered that the craft leaked and no one knew how to work the pump. Under the brisk wind she dragged her anchor and grounded on a mud flat. Five hundred more cockroaches appeared to see what what it was all about. The tide brought in a big log, which insisted on bumping the houseboat at the rate of five bumps a minute, and the forehanded skeeters didn't wait for the going down of the sun. The five women staggered through the day, and as they arose from a poorly cooked dinner Mrs. Smith, with a look of rebellion on her face, ventured to make the general inquiry:

"Has woman actually been emancipated from the thraldom of man, or does she still depend on him just a little bit?"

"Mrs. Smith, I shall call a meeting of the society in just five minutes!" exclaimed Mrs. Graham in reply.

"But let us look facts in the face," suggested Mrs. Davis.

"We are on a mud flat," replied Mrs. Brown.

"And who can get us off but men?" solemnly asked Mrs. Perkins.

"And who can pump out the water?"

"And get us home?"

"Man! Man! Man! Man!"

"Ladies," said Mrs. Gleason, "are you ready, after fighting for 6,000 years for your rights and winning them at last, to surrender to your arch enemy because of an emergency—two or three simple emergencies?"

"We are!"

"Then you are cowards and deserve the heel of the tyrant on your necks! Good Lord, what's that?"

Two things had happened. The waterlogged houseboat had given a lurch and settled a foot deeper into the mud and a young man had come alongside in a boat and was yelling at them:

"Say, you women, there's going to be a gale, and your craft will either be pounded to pieces here or driven out into the bay. Shall I set you ashore?"

"Yes! Yes! Yes! Yes!" from four voices.

"Ladies, let us do things in order," chided Mrs. Graham. "I call the meeting to order and present the following:

"Whereas, Perhaps the day of rejoicing for our sex has not yet arrived; and,

"Whereas, We have been mistaken in our deductions regarding men; now, therefore, be it

"Resolved, That we take advantage of the kind offer extended us and go ashore and go home. All in favor say aye."

Four yeas at once and a second late a fifth.

"How five women could be such idiots beats me!" growled the man as he set them ashore.

No meeting of the society was called to answer him. It had been dissolved. And when the five husbands at home heard of it they nudged each other and winked and grinned as hard as they could.

Malaria Causes Loss of Appetite.

The Old Standard GROVES TASTELESS CHILL TONIC drives out malaria and builds up the system. For grown people and children, 50c.

ROBIN COOPER'S TRIAL.

Slayer of Senator Carmack to Come to Court Again in November.

Nashville, August 26.—The case of Robin Cooper, charged wit hthe murder of former United States Senator E. W. Carmack, has been set for trial here November 19.

Cooper has been convicted at a former trial but the Supreme Court gave him a new trial. He is under $10,000 bond, and is traveling in Europe.

Deal Beach, N. J., Aug. 26.—For the third time and the second in succession Alec Smith, of Wykagyl, won the metropolitan open championship today over the links of the Deal Gold and Country Club with a score of 301 for 72 holes, two strokes better than J. J. McDermott, of Merchantville. Smith captured the title when the completion was first organized in 1905, took it for the second time last year, and sucessfully defended it today.

Washington, Aug. 26.—The prized trumpet trophy of the Virginia Firemen's Association today was awarded to Luray, Va., team in the hotly contested reel races. The Luray team was pressed hard in the race by Woodstock's firemen and barely nosed out a victory. Woodstock redeemed itself in the free-for-all reel race, winning by several lengths over Harrisonburg. The prize in this event was $100. A similar prize was given the men from Luray, in addition to the much coveted association trophy.

Montgomery, Ala., Aug. 26.—In the Atlanta-Montgomery game Saturday an attempt will be made to break the world's record on time. Flaharty will pitch for Atlanta and Duggleby for the locals. They are the two fastest in the league in delivery of the ball and it is expected that less than an hour will be consumed as all the players are being drilled today to keep up a fast pace.

Chicago, August 26.—Arrangements have been completed for the second annual cruise of motor boats, from Chicago to Peoria, under the auspices of the Western Power Boat association. The cruise will begin from this city tomorrow morning and will be concluded at Peoria Monday. The route will be through the drainage canal to Lockport, the Illinois and Michigan canal to LaSalle and the Illinois river to Peoria. About 150 boats are expected to take part.

Denver, Colo., Aug. 26.—The Colorado Legislature in joint resolution adopted today invited Col. Roosevelt to make a speech before it when he comes to Denver next Monday. In the Senate the chair announced a similar vote in favor of the resolution. "I voted no" corrected Senator McCue (Democrat) and when asked why, added, "because I have heard enough of Roosevelt."

Columbus, O., Aug. 26.—A freight car on the Westerville interurban Line maintained by the Columbus Railway & Light Company, whose employes are now on strike, was dynamited tonight just north of the city limits. The wheels were demolished and the trucks badly damaged. A passenger car following the freight car was badly shaken, but no one was injured.

Piggott, Ark., Aug. 26.—Claiming that he is sanctified and incapable of committing a crime, George W. Maynard, holiness leader, is awaiting hearing here on a charge of murder with little concern. Maynard, it is charged, clubbed his neighbor, Sol. Townsend, with whom he disagreed, to death, several days ago. He does not deny the killing.

Mexico City, August 26.—Instead of a peace monument as first proposed, Americans in Mexico will erect a joint memorial to George Washington and Miguel Hidalgo II Costollo, "fathers of independence" of the two countries, as their contribution to be held in this city. The proposed memoria lis to cost approximately $100,000.

Bilbao, Spain, Aug. 26.—The workmen's federation today proclaimed a general strike throughout Spain. The strike is to begin next Monday, Aug. 29th.

IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Wilmington Homes.

Hard to do housework with an aching back.

Brings you hours of misery, at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys,

'Twould save much needless woe.

Doan's Kidney Pills cure sick kidneys.

Wilmington people endorse this:

Miss Hattie Hodges, 609 S. Fifth St., Wilmington, N. C., says: "Since using Doan's Kidney Pills I have felt better in every way and am pleased to add my testimonial to the many already given in favor of this remedy. I had kidney trouble for years. My back ached most of the time and when I stooped or lifted, sharp pains caught me across my loins. I had but little strength or energy and was also bothered by a kidney weakness. I used one box of Doan's Kidney Pills, procured from Robert R. Bellamy's drug store and they disposed of the backache, strengthened my kidneys and gave me ambition and energy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PROPOSED MEMORIAL TO BILL NYE TO BE $5,000 BLDG. AT STONEWALL JACKSON TRAINING SCHOOL

Committee Appointed by North Carolina Press Association Decides That the Lamented Humorist Shall be Honored in a Practical Manner—State Newspapers Delegated to Receive Contributions to the Cause.

The committee appointed at the recent meeting of the North Carolina Press Association to take in the matter of a State memorial to Bill Nye, met in Salisbury, Wednesday, July 6th, in formal session, and after hearing all the propositions before it unanimously decided:

1. That the memorial to the lamented humorist shall take the form of a memorial building, to be one of the group and a part of the Stonewall Jackson Training School, generally known as the State Reformatory, in Cabarrus county, near Concord.

2. That the building, furnished and equipped as the trustees of the institution may direct, to the best advantage for the rescue of errant boys, shall cost not less than $5,000, and shall be known as the "BILL NYE MEMORIAL BUILDING."

3. That the following newspapers be designated to receive and acknowledge subscriptions to the fund for this building, said funds to be transmitted promptly to the treasurer, JOHN M. Julian, Editor of the Salisbury Post:

The Star, Wilmington.
The Observer, Charlotte.
The Evening Post, Salisbury.
The Citizen, Asheville.
The News and Observer, Raleigh.
The News, Greensboro.
The Uplift, Concord.

4. That while the committee believes that this memorial should be distinctively North Carolina's tribute to the lamented man of letters, it deems it wise, in order to ensure the prompt success of the movement, and further to permit the friends of Bill Nye outside the State an opportunity to contribute to this movement, that conributions from outside the State should be gratefully received and acknowledged, while not solicited.

The committee believes further that it made a wise and happy selection in the form of this memorial; that nothing it might have conceived would have brought greater joy to the heart of the gifted, kindly man whose memory it is designed to perpetuate than the great work of making useful citizens of wayward boys, and that were he present with us in the flesh today it would have the stamp of his approval. Furthermore the committee bespeaks the hearty co-operation of the brethren of the press especially, and all good citizens generally in this undertaking. It is a labor of love—one that has already been too long neglected, to the shame of North Carolina. Let us put our shoulders to the wheel and show to the world what North Carolina can do for the man it delights to honor.

(Signed)
JAMES M. CAINE, Chairman,
JOHN M. JULIAN, Treasurer.
R. W. VINCENT, Secretary,
ROBERT M. PHILLIPS,
ARCHIBALD H. BOYDEN,
Committee.

The Star will be glad to receive and acknowledge from day to day any contributions that may be made to the above fund.

How to Own The Oliver Typewriter For 17c a Day

You don't have to draw on your Bank Account when you pay on the Penny Plan.

You need not disturb your Dollrs. Keep them at work earning interest!

We offer our newest model, the Oliver Typewriter No. 5—fresh from the factory—for Seventeen Cents a Day.

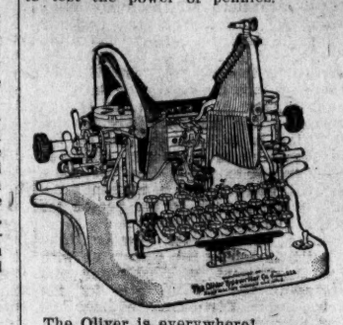
The plan is printed in "black and white" on the Application Blank below.

Simply fill out the blank, attach the small first payment, send it in, and on comes the Oliver!

No tedious wait! No red tape! No long-drawn-out correspondence!

You quickly own your Oliver and scarcely notice the outlay. You can have the use of your machine while pennies are "paying the freight."

You will never have a better chance to test the power of pennies.



The Oliver is everywhere!

It's the universal typewriter. Reels off real work with the ease and speed demanded by this mile-a-minute age. Wherever you turn—in Business in Offices, great or small—in the quiet of the Home—in the roar of the Railroad and Telegraph service—in the seething maelstrom of modern Newspaperdom—in countless kinds of service—it's the sturdy, strenuous Oliver that's "making the wheels go round."

The OLIVER Typewriter

The Standard Visible Writer.

You need your Oliver now. It's yours almost for the asking. The biggest hundred dollars' worth in America—for Seventeen Cents a Day!

Send along the Application Blank, with a small first payment of $15 as an evidence of good faith.

Your check is good—or send draft, postoffice of express money order.

FINANCIAL and COMMERCIAL

ACTIVITY ON COTTON MARKET

Sharp Early Break Followed by Sensational Advance in the Late Trading—Big Fluctuations Feature of Day.

New York, Aug. 26.—Big fluctuations in the price of August contracts was the feature in the cotton market today a sharp early break when notices were circulating being followed by a sensational advance in the late trading, both movements resulting from a comparatively small volume of business. Other positions were a shade easier early also, but later firmed up and closing prices were steady with August 22, and later months 3 to 14 points net higher.

The market opened steady at a decline of 21 points on August, and 3 points lower to 3 points higher on the new crop. Cables were lower than expected but at first recent sellers of the later positions showed a disposition to cover over to the failure of the weather map to indicate any general rain in Texas. The absence of aggressive bull support, and the weakness of the near months soon checked the recovering, and shortly after the opening August sold off to 16.07 or 25 points net lower, while later positions eased to a net loss of from 1 to 5 points. Notices, estimated at about 30,000 bales for August delivery, were said to be circulating through the street and appeared to have caused some scattering liquidation, but the little August offering was absorbed on the early break, and as soon as August began to firm up, later months did better on higher late cables, the Texas weather details showing only light showers yesterday and the forecast for a renewal of fair and warmer weather tomorrow. In the late trading there seemed to be no August for sale of any consequence and shorts bid the price up to 16.58 or 51 points above the low level of the morning, and 26 points above the closing figures of last night.

The renewed strength of August tended to hasten covering for over the week end and closing prices were within 2 to 3 points of the best level for the day. Savannah reported a decline of 3-4c in spots, but Southern markets generally were unchanged. Rumors that preliminary replies to the National Ginners' Association suggested a bullish condition report next week helped the late advances.

Receipts of cotton at the ports today 11,257 against 9,633 last week and 11,924 last year. For the week 50,000 against 40,596 last week, and 36,388 last year. Todays receipts at New Orleans 121 bales against 1,323 last year.

Spot closed quiet; middling uplands 16.40; middling gulf, 16.65; sales 7,700 bales.

Futures opened and closed steady.

Why Is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years, 50c.

REVIEW OF COTTON FOR WEEK

Trading on Small Scale and Prices Fluctuated Within Narrow Limits—South Has Been a Seller—Conditions.

New York, Aug. 26.—The trading in cotton has been on a small scale and prices have fluctuated within narrow limits. Many have adopted a waiting attitude until they can get a clearer view of the crop situation. Uncertainty as to the outcome of the August position has also had a tendency to curtail speculation. Many of the crop reports from the region east of the Mississippi have continued to indicate steady improvement in the prospects and although the news from Texas has on the whole been unfavorable there is a noticeable disposition among many to regard the bullish accounts as exaggerated. Meantime the crop movement in Texas is increasing and the demand from the mills is light as a rule. The belief of some is that the new crop movement will in the near future be sufficiently large to have a depressing effect upon prices in the Southern spot markets ,and they argue that any weakness in the South would be promptly reflected in a decline here.

The South has been a seller here against the actual cotton and sales of this kind are expected to increase. Some contended that anything bullish in the situation has been discounted in the price. The textile news has been favorable in the main. The demand for yarns and various descriptions of cotton goods has increased at firm quotations. Some New England mills have resumed on full time.

TRADE OUTLOOK IS GIVEN.

General Situation Rather Irregular is Bradstreet's Report.

New York, Aug. 26.—Bradstreet's tomorrow will say:

House trade continues to expand at leading markets, food crop advices are more favorable, iron and steel trade reports display a better undertone, the movement of wheat is heavy, buyers excursions are general and collections show a little improvement. However, the general situation remains rather irregular in that current trade reports the country over are not uniformly favorable. Thus those from the West and Southwest tell of activity in Fall buying; returns from the South indicate only slight improvement while those from the Northwest are characterized as satisfactory and Eastern advices suggest that conservatism is still prevalent.

Aside from the fact that cooler weather toward the close of the week would injure corn, the general crop report this week was of continued improvement except for cotton in Texas.

Business failures in the United States for the week ending August 25th were 235 against 222 last week, 201 in the like week of 1909, 236 in 1908, 167 in 1907 and 138 in 1906.

Wheat, including flour, exports from the United States and Canada for the week ending August 25th, aggregate 1,293,914 bushels against 1,497,514 bushels last week and 2,934,543 bushels this week last year. For the eight weeks ending August 25th, exports are 10,341,387 bushels against 14,028,250 bushels in the corresponding period last year. Corn exports for the week are 139,169 bushels against 48,537 bushels last week and 88,603 bushels in 1909. For the eight weeks ending Augnts 25th, corn exports are 2,096,002 bushels against 784,492 bushels last year.

COTTON MARKET YESTERDAY.

Trade Awaits the Report on Cotton—Movement Will be Feature.

(Special Star Telegram.)

New York, Aug. 26.—The Liverpool market maintains its level and prospects in Manchester are more encouraging with talk of good business there during the coming month. Trading here is narrow with the sellers of yesterday the chief buyers today. Owing to the timidity before the September bureau report, the trade awaits and does little. Texas reported rain at nine stations, and the temperature in the Southwest shows a general drop.

The figures for the week were without effect. In sight 67,000 bales, last week 49,000, last year 57,000. After the bureau report the crop movement will be the dominating feature. Trading, while local, showed a decidedly better tone, and buyers advanced the market to the neighborhood of 13.50, which appears the halting point for the moment.

HUBBARD BROS & CO.

VISIBLE SUPPLY OF COTTON.

New Orleans, Aug. 26.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 1,482,965 bales against 1,542,355 last week and 1,935,569 last year. Of this the total American cotton is 754965 bales against 784,335 last week and 1,445,569 last year, and of all other kinds, including Egypt, Brazil India, etc., 728,000 against 785,000 last week and 490,000 last year. Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 711,000 against 1,431,000 last year; in Egypt 35,000 against 51,000 last year, in India 455,0000 against 201,000 and in the United States 282,000 against 253,000 last year.

Life on Panama Canal

has had one frightful drawback-malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver, and kidney troubles, and prevent typhoid. 50c. Guaranteed by Robt. R. Bellamy.

STRONG RECOVERY IN STOCKS

General Advance on the Market From the Declines of Thursday—Activity Shown by Traders—Politics a Factor.

New York, Aug. 26.—On the smallest overturn of business this week today's stock market made general recovery from the declines of yesterday, when rumors of frost in the Northwest precipitated a general selling movement. These rumors were dispelled today and the decline in corn options resulted in a strong recovery by those stocks. The influential interests continued their recent policy of inactivity, and manipulation for the rise in certain stocks was so obvious as to work its own defeat.

Political factors, while no more pronounced than in the early week, tended towards further unsettlement. The enthusiasm of the crowds which are greeting Col Roosevelt in his Western tour, and the ex-President's speeches which reiterate his well known views regarding corporations provoked serious discussion in many conservative quarters. Grain markets were lower in keeping with corn and cotton in which there was an early break in August options, rallied partially. Textile conditions received a check in advices from New Hampshire and North Carolina which reported further restriction of operations, the proposed shut-down in the New England section involving 15,000 hands.

Indications point to a small cash gain by the banks in their operations with the sub-treasury for the week. Bank clearings in the aggregate all over the country show a continued shrinkage, the loss for the week being over 20 per cent. compared with last year.

The bond market ruled steady throughout, with no marked increase of operations. Total sales par value aggregated $763,000. Total sales for the day 339,300 shares.

THE GRAIN MARKET

Chicago, August 26.—The wheat market was easly all day sagging to the close 3-8 to 5-8 down. Corn fell away sharply, relieved from the fear of immediate frost damage, finishing 7-8 to 1 1-2c. off. Oats felt the drag of the weak corn market and also sagged 1-2 to 5-8c. while an unimportant trade in provisions left them generally unchanged in price.

Wheat—No. 2 red, 99 1-2 to 101; do. 99 1-4 to 100 1-2; No. 3 do. 95 to 99; No. 1 hard, 99 1-2 to 101 1-2; No. 2 do. 99 1-4 to 100; No. 3 do. 96 to 99 1-2; No. 1 northern old 120 to 122; No. 2 spring 104 to 107; No. 3 spring 100 to 103; durum 89 to 99.

Corn—No. 2, 61 3-4 to 62; No. 2 white 62 1-4 to 62 1-2; No. 2 yellow 61 3-4 to 62 1-4; No. 3, 61 1-4 to 3-4; No. 3 white 61 1-2 to 62; No. 3 yellow 61 3-4; No. 4, 60 to 61; No. 4 white 61 to 61 1-2.

Oats—No. 2, 32 to 32 3-4; No. 2 white 34 1-4 to 35; No. 3, 31 3-4 to 32; No. 3 white 33 1-2 to 34; No. 4 do. 33 1-4; standard, 34 1-4 to 1-2.

COMPARATIVE COTTON STATEMENT.

New York, Aug. 19.—For the week ending August 26:

Net receipts at all U. S. ports during week, 55,476.

Net receipts at all U. S. ports same week last year, 54,660.

Tota lreceipts since September 1st, 7,398,707.

Total receipts to same date last year, 9,960,976.

Exports for the week, 53,892.

Exports for same week last year, 24,082.

Total exports since September 1st, 6,074,125.

Total expotrs same date last year, 8,267,561.

Stock at all United States ports, 238,156.

Stock at all United States port ssame time last year, 176,485.

Stock at all interior towns, 46,708.

Stock at all interior towns same time last year, 76,098.

Stock at Liverpool same time last year, 850,000.

Stock of American afloat for Great Britain same time last year, 10,000.

NAVAL STORES.

New York, August 26.—Rosin quiet, turpentine steady.

Charleston, August 26.—Turpentine quiet 69 to 1-2. Rosin quiet. Quote: ABC, 530; D, 570; E, 590; F, 595; H, 600; I 605; K, 607 1-2; M, 610; N, 615 to 660; WG, 625 to 660; WW, 640 to 660.

Savannah, August 26.—Turpentine firm, 69 1-2 to 3-4; sales 407; receipts 712; shipments 280; stock 13,709. Rosin firm. Receipts 2,629; shipments 515; stock 65,175; sales 3,110. Quote: B, 560; D, 570; E, 580; F, 590 to 595; G, 596 to 597 1-2; H, 600; I, 605; K, 607 1-2; M, 610; N, 615 to 625; WG, 625 to 650; WW, 650.

THE DRY GOODS MARKET.

New York, Aug. 26.—There was a steady flow of orders of moderate dimensions from jobbing houses located in nearly all parts of the country noted in the primary cotton goods market during the day. The local jobbing concerns did a good amount of business also. The cotton yarn market remains quiet. The business in wool, both domestic and foreign is limited.

PEANUTS.

(Reported by Rogers, McCabe & Co.)

Spanish—Market steady at $1.35 per bushel. Virginias—Market firm at 4 1-2 to 4 3-4 for Jumbo; 3 3-4 to 4c for fancy stock; 2 1-2 to 3c. for machine piced; 2c. for shelling stock.

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of liver and kidney trouble after 12 years of suffering. They are the best pills on earth for constipation, malaria, headache, dyspepsia, debility. 25c at Robt. R. Bellamy's.

MINING RECORD MADE.

Hundred Million Tons Mined Without Loss of Life.

Bluefield, W. Va., Aug. 26.—One hundred million tons of coal mined in West Virginia without the loss of a single life by dust or gas explosions is the record made by this State in the seventeen months ended with June 30th, last. This statement is made by Charles Conner, assistant chief State mine inspector, who declares the record never has been equalled in any mining community. Incidentally, he declares, that West Virginia now occupies second place in the list of coal producing States.

In the year ending last June the mines of West Virginia thus far reporting produced 54,348,000 tons and fifty-four additional shafts are yet to be heard from. When all reports are in, it is estimated that the total coal output of the State for the year will be approximately 60,000,000 tons. This will be an increase of 14,000,000 tons over the year ending in 1909.

Great vigilance on the part of the State mine department is given the the credit for the decrease in fatalities among those who work under ground. Since January, 1909, practically no additional laws governing mining have been placed on the statute books of the State.

HEROIC ACT OF WOMAN.

Held Child Above Water Eight Hours While Awaiting Help.

Sedan, Kas., Aug. 26.—Standing in five feet of water in the bottom of a cistern at her home near here, Mrs. John Burch, wife of a farmer, for eight hours held aloft her two year old child, until the arrival home of her husband today.

The child had fallen into the cistern and the mother who saw the accident immediately sprang after it, seized the baby in her arms, raised it above the surface of the water and called for help. No one was within hearing of the woman's voice and throughout the greater part of the day Mrs. Burch stood, the water reaching up almost to her neck and waited for the return of her husband from his work in the fields.

After being taken from the cistern Mrs. Burch collapsed and is dangerously ill, but the child suffered no illness.

Friends have determined to apply for a Carnegie medal for Mrs. Burch.

FAYETTEVILLE BEQUEST.

Million Dollar Estate Shared in by Cumberland Lady.

(Special to Fayetteville Observer.)

New York, Aug. 26.—According to her will, just probated here, leaving over a million dollars estate, Harriet Coles, who died at Glen Cove, Long Island, Aug. 6th, widow of the late John B. Coles, leaves as a token of her affection and regard, to her friend Mrs. Fanny Morrow, of Fayetteville, N. C., the income from $15,000, a trust fund for life. After her death, Nena Morrow, her daughter, is to have the income of the fund for her life, and after her death the entire principal is bequeathed to the latter's issue, if any, otherwise it becomes part of the residuar. The rest of the million is bequeathed in legacies to friends and relatives, church, charitable and educational societies.

DEATH LIST GROWS.

Seven Victims in Grand Trunk Wreck. Identified Wife's Body.

Durand, Mich., Aug. 26.—H. I. Jeffers, of Washington, D. C., almost positively identified as his wife the body that was yesterday identified as Mrs. Lewis Squire, of Chicago, and the dead victims of Wednesday night's wreck on the Grand Trunk railroad are now quite definitely fixed as numbering seven. A sack of bones overlooked yesterday by the undertaker is believed to contain the body of Mrs. Squire.

Among other people for whom inquiries are being made is Miss Belle Scott, a school teacher of Chicago, who was enroute to Toronto.

SCHOONER NOW GONE.

No Chance to Save Abandoned Vessel Off Cape Hatteras.

Norfolk, Va., Aug. 26.—Dispatches over the government seacoast telegraph from Hatteras today state that the abandoned schooner Catheryne M. Monohan, of New London, Conn., which was still afloat off the North Carolina coast yesterday had either sunk or drifted farther to sea as she could no longer be observed from shore. Members of the crew who put out and found the drifting vessel yesterday, report that her decks were awash at the time and that she appeared to be beyond saving.

In reading store ads most people about some particular article—hence are looking for definite information merchants should quote prices always.

ROOSEVELT GIVEN WELCOME TO WEST

(Continued From Page One.)

velt and to President Walker, of the Illinois Mine Workers, asking them to meet with the representatives of the United Mine Workers and Mine Operators in an effort to settle the trouble between the operators and miners of Illinois.

Mayor Sanderson tonight received from Fremont, Neb., a reply to this telegram. The Colonel's telegram reads:

"Exceedingly sorry, but absolutely impossible for me to go into a matter of this kind at present.

"THEODORE ROOSEVELT."

Lexington, Neb., Aug. 26.—Col. Roosevelt made a three minute speech at Lexington tonight. The Nebraska Senators, Norris Brown and Elmer J. Burkett, got on the train at Kearney and talked with him a few minutes. When the Colonel went out to address the crowd at Kearney, he took the Senators with him.

"I am glad to see your two Senators," he said, "I shall always remember with pleasure and gratitude the help given me by Mr. Burkett, when he was in the House of Representatives, and I was in the White House, in getting a satisfactory tariff arrangement with Cuba, which has knit two nations closer together."

When Mr. Roosevelt was informed that he had been picked by Nassau county leaders as a delegate to the Republican State convention at Saratoga, N. Y., he said he was glad to hear it, and would, of course, accept.

TEDDY FOR GOVERNOR.

Leader of the "Old Guard" Tells What He'd Do.

New York, Aug. 26.—In an interview that will be published tomorrow in the New York Press, William Barnes, Jr., of Albany, Republican leader and member of what is known as the "Old Guard" is represented as considering with an open mind the possibility that Theodore Roosevelt might again be Governor of New York.

"Will Mr. Roosevelt take the nomination on a platform that does not declare for direct nominations?" was asked.

"I don't know; that is for him to say," Mr. Barnes replied. "But if he should be nominated, I think I'll apply for the job of State chairman, for I'm sure he'll need somebody who knows how to run things."

"You don't suppose Roosevelt would accept your services?"

"Oh, I don't know about that," said Mr. Barnes, "It makes a lot of difference when you are a candidate looking for votes."

LAWYERS UNPROFESSIONAL.

Committee Appointed to Investigate Conduct of Certain Attorneys.

Raleigh, N. C., Aug. 26.—W. N. Jones, C. B. Aycock, R. C. Strong, Jno. W. Hinsdale, Jr., and Francis Cox have been appointed by the Raleigh Bar Association to investigate reports that some lawyers of this city were unprofessionally active in seeking clients for damage suits in connection with the killed and injured in the collision that took place in the union passenger station here two weeks ago. The association has also appointed for committee to draft more suitable constitution and by-laws for the Wake County Bar Association. This committee consists of R. W. Winston, Joseph B. Cheshire, Jr., and Walter Watson.

BEES ATTACKED BATHER.

Denver Mining Man is Rescued When Others Hear Noise of Fray.

Denver, Aug. 26.—Removing his bath robe and placing one foot in the cool water that filled his bath tub yesterday, Chapin Gard, a Denver mining man, was suddenly electrified by a series of sharp pains in practically every portion of his anatomy. At the same time a loud buzzing filled the room. Then followed turmoil.

Other occupants of the house who came to investigate the disturbance found Gard in the costume of a prehistoric warrior, vainly swinging a wet bath towel and waging a battle against a swarm of bees that had invaded the bath room through a hole in the window screen.

PLANS DARING FLIGHT.

Baldwin, Former Army Balloonist, to Fly Across Golden Gate.

San Francisco, Aug. 26.—Ivy Baldwin, an aeronaut who was formerly in the balloon service of the United States army, announces that he will attempt tomorrow morning to fly in an aeroplane across the Golden Gate, the entrance to San Francisco harbor.

The machine is one of his own construction, in which he has made trial flights. The aviator plans to start from the heights above Fort Baker on the north side and to land at the Presidio

LIQUOR LAW TESTED.

Tennessean Protests Against Taxes Levied by State and County.

Memphis, Tenn., Aug. 26.—The right of State and county revenue officials of Tennessee to make collection of liquor revenues is to be threshed out before the Memphis courts through a suit for damages filed in the circuit court.

Notwithstanding the so-called "four-mile" law, prohibits the traffic in liquor in Tennessee, it is asserted by the plaintiff to the suit he has been required to pay a tax during the past six months, of $599.50. He asks damages of $5,000 of the State and county officials.

Providence, R. I., Aug. 26.—The Valley Worsted Mills, of the American Woolen Company, Olneyville, closed today for an indefinite period. Lack of demand for its product is the cause. The mill employs about 300 operatives.

Manchester, N. H., Aug. 26.—1,500 employes of the Amoskeag Cotton Manufacturing Compny, were thrown out of work today when the 17 mills of the plant closed for a period of 15 days. Curtailment of production was the reason of the shutting down.

Dallas, Texas, August 26.—Northern Texas is today experiencing the coolest August weather in many years. The thermometer, which yesterday at noon registered 100 degrees, today registered 70.

National Association in Session at Columbia, S. C.—Officers.

Columbia, S. C., Aug. 26.—Arriving in Columbia last night from Greenville, where they were entertained by the manufacturers of that city, delegates to the annual convention of the Association of Factory Inspectors and the International Association of Labor Commissioners today began a two-day session here.

The delegates held their first meetings at Hendersonville, N. C., on Tuesday and Wednesday, adjourned to Greenville, S. C., on Thursday and will conclude the sessions here today and tomorrow.

The factory inspectors met in the State library at 10 o'clock to elect officers. Following this meeting, the labor commissioners met in the library for a final session. The two bodies then held a joint session. This afternoon the delegates, of whom there are about fifty, were served a barbecue at Ridgewood Park.

The factory inspectors elected the following officers:

President—Louis Guyon, Montreal.

Vice Presidents—D. E. Ward, Oklahoma; Frank S. Nash, New York and S. M. Sloan, South Carolina.

Secretary-Treasurer—W. W. Williams, Missouri.

ELLIS SURE OF VICTORY.

Conditions in Ohio, He Says, Are Decidedly in Favor of the Republicans.

New York, Aug. 25.—Wade H. Ellis, chairman of the Ohio Republican State executive committee, arrived here today, after a month on the New Jersey coast. Mr. Ellis said that he had not kept closely in touch with the situation in Ohio, but that it was a sure thing that the Republicans would carry the State.

"We are going to have a spirited contest, of course," he added, "but Ohio is a Republican State, and has never gone Democratic but once in the last 25 years, and that was over the liquor question. There is no such issue this year, and the State is the President's own. These facts make it apparent that the chances are decidedly in favor of the Republican candidate."

IN "SOUF" CAROLINA.

Politics as "She" is Played in the Palmetto State.

Columbia, S. C., Aug. 26.—A special to the Record from Laurens says that Attorney General J. Frazer Lyon was assailed today by the friends of J. T. Crews, one of the editors of a Laurens paper, against whom Mr. Lyon had made reference in the South Carolina State campaign. Mr. Crews leaped to the stand and demanded that Mr. Lyon read the other letters when the trouble arose. Four men leaped upon the platform. Lyon struck at once, Henry Wright and kicked him in the chest several times. It was five minutes before the crowd could be quieted and a policeman sat at the feet of Mr. Lyon with a half drawn revolver.

The South Carolina candidates for State offices spoke at Laurens today.

GOOD OLD SUMMER TIME.

Raleigh Negro in Light Attire Run In by Police.

Raleigh, N. C., Aug. 26.—For being clad only in a pair of pants, and they rolled up above the knees and running through the streets in the neighborhood in which he lived, Walter Jones, a young negro, was fined $5 in the police court yesterday.

He explained to the court that the severe heat made more clothing unbearable and insisted that he ran to keep away from the mosquitoes. The youth's aged father was in court and made the plea for his son that he had grown up in the country where he had been accustomed to do things of this sort and it didn't occur to him that there was anything wrong about a stunt of the sort in Raleigh. Police Justice Stronach would not modify his sentence.

STRIKE OF SEAMEN.

May Tie Up Shipping of Every Nationality at Copenhagen.

Copenhagen, Aug. 26.—Delegates from all the seamen's unions of America and Europe present at the international congress of sailors and marine firemen's sessions here, with the exception of the French association, agreed today to declare an international strike unless the ship owners of every country concerned agree to the formation of a board of conciliation to deal with the grievance of the men.

The date of the threatened strike will be known only to the leaders of the international congress, who are pledged to secrecy on this point.

COMMODORE GALT DEAD.

Passed Away at Norfolk, Va.—Served as Inspector.

Washington, Aug. 26.—Announcement of the death of Commodore Roger Galt, U. S. N., retired, at Norfolk, Va., at 5:30 A. M. today was made to the Navy Department.

Commodore Galt was born in Norfolk, Va., in 1850. During the Spanish-American war he served as inspector of equipment at Newport News, Va. One of his latest assignments was the command of the U. S. S. Arkansas now the Ozark.

He is survived by two daughters and two sons, and was the brother of Pay Director W. W. Galt, of Norfolk.

Salisbury, N. C., Aug. 26.—The 25th annual meeting of the Woman's Home and Foreign Missionary Society of the Lutheran church of North Carolina was formally opened in St. John's church here this afternoon. Many prominent church and missionary workers from several States are to participate in the sessions, which will continue until Monday.

NOTICE.

The delegates to the county convention of the Republican party will meet at the Court House on Monday at 1 o'clock P. M., for the purpose of selecting delegates to the Congressional, Senatorial and Judicial conventions. A full attendance is requested.

T. E. WALLACE,
Chairman Republican Convention.

CANNON TO HELP SLEMP.

Will Visit Ninth Virginia District—Goes to Bristol.

Knoxville, Tenn., Aug. 26.—Speaker Cannon will visit the Ninth Virginia District to assist Congressman E. B. Slemp in his campaign. Slemp was an ardent supporter of Cannon in the rules fight in the House.

Former President Roosevelt will also visit the Ninth District in behalf of Slemp, speaking at Bristol, October 7th.

Washington, Aug. 26.—That the same charge for an upper as for a lower berth is exhorbitant and discriminatory, is alleged in a complete complaint filed with the Interstate Commerce Commission today by the State of Arkansas. The complaint was prepared by Hall Norwood, attorney general of Arkansas, and is directed against the Pullman company and several railroad lines operating between points in Arkansas and points in Illinois, Oklahoma Nebraska, Texas and Tennessee.

Lawrence, Mass., Aug. 26.—John Svanberg, the Swedish marathon runner, tonight broke the world's marathon record for 26 miles, 385 yards, recently made by himself at New York, running the distance in 2:29:40. Pat Dineen, of Boston, was two laps behind, finishing in 2:31:55.
